

Introducing the Weekly Student Online Activity Report

With so many new technologies and learning methods introduced every day, your involvement in your child's education and online safety is more important than ever. To support this, your school has partnered with Lightspeed Systems® to provide you visibility into your child's internet usage on school-issued devices, at home and during after-school hours, through the Weekly Student Online Activity Report.

About the Weekly Student Online Activity Report:

- The report summarizes your child's **web browsing activity for the week**; including page visits and website host metrics.
- It will be emailed straight to your inbox every **Sunday**.
- The email contains the Subject: **Filter Portal Weekly Report** and sent from **do_not_reply@lightspeedsystems.com**.

In this report you'll be able to see:

- Top Websites: Top 10 visited hosts
- Daily Website Visits: Number of pages visited per day
- Total Browsed Hosts
- Average Daily Page Visits

About Lightspeed Systems

Lightspeed Systems has been dedicated to supporting K-12 online education for over 25 years. Lightspeed is governed by and adheres to stringent student data privacy regulations, such as FERPA and COPPA, ensuring student data will remain confidential and will not be shared, distributed, or sold to advertisers or any other parties.

How Lightspeed Captures Your Child's Internet Activity

Devices provided by your school that are filtered by Lightspeed, intercept network traffic and allow or block websites. These decisions are made based on both the content filter category of the website and the rules configured for your student.
