Information:

- We will offer multiple sessions for parents who have more than one child at Scott!
 - This year, we ask families to attend a short presentation with Mrs. Ratner, Mrs. Smith & Ms. Perotti in the gym before your classroom session. You will be hearing more about schoolwide initiatives and new things at Scott this year!
 - Session 1 begins promptly at 6:05 PM
 - Session 2 begins promptly at 6:40 PM
 - Please plan which sessions you will attend that work for your family!
 - All grade levels will be offered at both sessions
 - Structured Learning families: You will be receiving information from our structured learning team regarding sessions for the evening
- Specialists (such as intervention teachers, social worker, etc.) and specials teachers (art, music and PE) will set up tables in the library with some very helpful information about their field and useful information for assisting your child at home in different areas. Please visit them during transition times or if you are only attending one session!
- Classroom teachers will review how their classrooms work, give parents/guardians insight into what their child's day looks like, and share useful information for helping at home,
- The evening is intended to be for adults only. However, we want everyone to be able to attend. If you wish to attend but do not have childcare, please reach out to Mrs. Ratner (tratner@naperville203.org) directly.
- *This is not a time for individual conferences. Parent-Teacher conferences occur later in the fall and you will be able to signup for those at a later date. If you have a concern before then, you can contact your child's teacher.*

We are looking forward to a great evening!
