Peter Weaver
Superintendent of Schools

Ned Pratt
Director of Student Support Services

Kristie LaPlante
Business Administrator

Superintendent Report
August 25, 2026

- We are excited to have our staff return this Wednesday! Our students will be back on Monday! It has been great to see teachers in the hallways getting their classrooms ready. The buildings look terrific. Thank you to Ben and his team for a job well done. I met with our four new teachers during their new staff training. I walked away very enthusiastic to have them on our team! We are currently **fully staffed**, with the exception of two WLC ABA positions and one 5th grade paraprofessional instructional aide.
- I'm pleased to welcome **Cameron Cook** as our new Athletic Director. For the past eight seasons, he has managed the Nashua Silver Knights baseball team. He lives in Wilton and is looking forward to serving the community he lives in!
- The District recently completed a visit from the **NH Critical Response Group** that surveyed our school facilities. They are tasked with developing a standard template (for all NH school districts) that provides simple visual communication and collaboration tools that would be used to coordinate an emergency response inside and outside a building. The goal of the statewide project is to improve response times and improve command and control during an incident through common language and unified points of reference between the district staff and response teams.
- Kristie and I will be attending a **training session** tomorrow presented by the Drummond – Woodsum law firm. *Title Tax Cap Question on the Ballot & SAU Budgets on the Warrant*, the workshop will take a deep dive into the new laws impacting school district budgets and spending.
- The Food Service Department needs to increase the **cost of student lunches** from \$3.10 to \$3.25 and staff lunches from \$4 to \$4.50. These increases will assist in covering the rise in food costs as well as keep us compliant with USDA requirements for the National School Lunch Program. Megan is available to answer any questions.
