

# Monroe School District Chromebook Protection Plan 2026-2027

One form required per student in grades 6-12

Just like a textbook or team uniform, the Chromebook your student receives is school property that must be handled with care. Every student in grades 6-12 is assigned a Chromebook, and this form explains your options for managing the cost of accidental damage or loss.

## Enrollment Deadline

- For students enrolled at the start of the school year, the deadline to purchase the plan is **October 30th**.
- For students who enroll mid-year, the deadline is **30 days** from the date they receive their Chromebook.

## Purchase the Protection Plan

This plan covers the cost of accidental damage, loss, or theft for one school year. By paying a small fee now, you protect yourself from larger, unexpected costs later.

### Annual Cost:

- \$30** per student (\$15 if only attending 2nd semester)
- \$10** for students qualifying for free/reduced meals.  
(must also submit a *Consent to Share Form*)

## Decline the Protection Plan

You will be responsible for 100% of the cost for any repairs or the full replacement cost if the Chromebook is lost, stolen, or damaged.

### Potential Costs:

- \$0 - \$300**
- \$300** for full replacement

## What the Protection Plan Covers (and What it Doesn't)
