PREPARTICIPATION PHYSICAL EVALUATION (PPE)

Instructions for Student-Athletes and Families

Dear Parents/Guardians,

All students participating in school athletics must complete a preparticipation physical evaluation with a qualified health care provider before participating in practices or competitions.

The forms in this packet are provided for you to take to your student's health care provider for the sports physical.

TAKE THESE FORMS TO THE HEALTH CARE PROVIDER

PPE History Form
The student and parent/guardian should complete this form before the appointment. The health care provider will review it as part of the student's preparticipation physical evaluation.

PPE Physical Examination Form
The health care provider may use this form to document the student's physical examination.

PPE Athletes with Disabilities Supplement *(if applicable)*
Complete this supplemental form when applicable and provide it to the health care provider as part of the evaluation.

DO NOT RETURN THE PPE FORMS TO SCHOOL

The PPE History Form, Physical Examination Form, and Athletes with Disabilities Supplement contain private medical information and are intended for the student, parent/guardian, and health care provider.

Please do not return these forms to the school.

FORM TO RETURN TO SCHOOL

After completing the preparticipation physical evaluation, ask the health care provider to complete and sign the:

ASJUSD MEDICAL ELIGIBILITY FORM

The Medical Eligibility Form documents whether your student is medically eligible to participate in athletics and identifies any participation restrictions or recommendations that the school needs to know.

The completed ASJUSD Medical Eligibility Form is the only medical evaluation form that should be returned to the school.

Please return the completed Medical Eligibility Form to your student's school before the student participates in any athletic practices or competitions.

IMPORTANT

A completed sports physical does not replace medical clearance that may later be required following an injury, illness, suspected concussion, cardiac symptoms, heat illness, or another health or safety concern. Students must satisfy all applicable return-to-play requirements before resuming participation.

Thank you for helping us keep our student-athletes safe and healthy.

Sincerely,

Aromas–San Juan Unified School District
