Executive Summary

IMPORTANT UPDATE - The Grants Finance Office has *updated* its *FS-10* form with new certification language. The new form must be used when completing the *2026-27 Consolidated Application for ESSA-Funded Programs*. Failure to do so will result in applications being returned to the LEA. The new form may be found *here*.

The New York State Education Department (NYSED) has developed the online *2026-27 Consolidated Application for ESSA-Funded Programs* to support the timely administration of programs funded by the Every Student Succeeds Act (ESSA) to local educational agencies (LEAs) across the state. The application is streamlined to focus on the required assurances from Section 8306 of ESSA, as well as fiscal and programmatic information that staff have determined is necessary to properly administer each program. The additional information requested in the application will allow NYSED reviewers to ensure that all LEAs are fully prepared to effectively address key provisions of ESSA regulations. For example, the application includes a significant focus on consultation with required constituent groups in the design of ESSA-supported programs. Even though LEAs will provide assurances that consultation has occurred, NYSED has determined that evidence of that consultation should be provided as part of the application process. Toward that end, documentation of the constituent groups included in consultation, along with an *LEA Affirmation of Private School Consultation* form, will be required as part of the initial application.

The online format dramatically improves NYSED's capacity to collect and analyze district-provided data in a timely manner, and then utilize that data to provide targeted support to LEAs as part of shared continuous improvement efforts. For example, the format will allow NYSED to quickly review LEA-determined per pupil amounts for Title I, Part A programs to confirm that funds for services are appropriately distributed among eligible public and non-public schools. For LEAs whose calculation methodologies are not clear or are not consistent with ESSA requirements, NYSED program staff will be able to provide immediate technical assistance to ensure the proper distribution of funds.

The online application also supports better coordination among NYSED program offices – furthering the Department's capacity to support continuous improvement through technical assistance. For example, consultation forms and other data related to equitable services to private school students and teachers will be shared with the Ombudsman to help coordinate technical assistance and monitoring efforts between the Office of ESSA Funded Programs and the State Office of Religious and Independent Schools. Similarly, data about an LEA's use of Title II, Part A funds will be easily shared with District and School Review Teams from the Office of Accountability and the Office of Educator Quality and Professional Development to help LEAs maximize the use of evidence-based professional development strategies in identified schools.

Title I Part A - Program Information (Part 1 of 6)

PLEASE NOTE - All program activities supported by Title I, Part A funding should be explicitly aligned with proposed expenditures represented in the FS-10 budget.

- 1. Did the LEA evaluate the progress made toward achieving the Title I, Part A program goals set for the previous school year?**

- ☒ Yes, the LEA evaluated the progress made toward achieving the goals from the previous school year.
- ☐ No, the LEA did not evaluate the progress made toward achieving the goals from the previous school year.

- 1B. To what degree did the LEA make progress toward achieving the Title I, Part A goals from the previous school year?**

- ☐ The LEA exceeded the goals it set for the previous school year.
- ☒ The LEA met the goals it set for the previous school year.
- ☐ The LEA did not meet the goals it set for the previous school year.

- 2. In the space provided below, please describe (1) the specific student needs that impact academic achievement, and (2) how your Title I, Part A program is designed to address those needs. The needs should be identified through a recent needs assessment, include homeless and/or neglected youth as applicable, and provide the basis for coordinated efforts on the part of the LEA to address them.**

The Syosset Central School District will utilize Title I Part A funding to provide academic support in Reading to students identified as at risk for meeting the NYSED ELA Learning Standards by supporting salaries of Developmental Learning Teachers. Support, interventions, and growth will be measured through NYS Test Scores, data resulting from the District's MTSS Universal Screener (NWEA MAPS Growth) which measures student growth and academic progress in specific reading skill development. Our certified content area instructors will utilize the data to identify specific areas for target-specific intervention and remediation. The identified students will be monitored to determine progress being made using multiple measures and assessments, including but not limited to: AIMSweb, MAP Skills, and district-developed local assessments. Based upon the data we collect, academic interventionists will utilize research-based interventions through our MTSS Model to support students individually and in small groups. Additionally, we will be providing professional development aligned to our elementary school-wide plans for literacy and intervention.

- 3. In the space below, please describe the specific goals and/or outcomes the LEA has identified based on the information provided above. The goals/outcomes should be measurable and aligned directly to the above identified needs impacting student achievement.**

Identified students' Reading levels will be benchmarked through the NWEA MAP Skills assessment, IXL ELA, Teachers College Reading Program assessments, Fountas and Pinnell benchmarks, and other appropriate measures for benchmarking and progress monitoring. It is our expectation and intent to have a significant percentage of students demonstrating the restoration of any loss of academic skills as well as measures of annual academic growth. This will be made evident in observable increases in NWEA RIT scores and assessment scores, as well as higher scores on the aforementioned benchmarks when compared with previous RIT scores, assessment, and benchmark results. Additionally, the expectation is that proficiency levels as demonstrated on the 2025-2026 NYS Assessments in ELA will reveal an increased percentage of students demonstrating proficiency and mastery when compared to the scores from the 2026-2027 NYS ELA Assessments.

- 4. An LEA with a Title I allocation (including any funds transferred into Title I) of more than \$500,000, must reserve 1%**

Induction and Mentoring:

The Syosset Central School District provides a high-quality, mentoring program for all newly hired teachers who have been teaching for two or more years. This Mentor Program establishes a professional network of support to promote the personal and professional growth and development of all new hired teachers who have been teaching for two or more years. The professional development is rooted in research-based, educationally sound supports and resources, rich with educational technology training and development. NYSED standards-based pedagogy, supervision and evaluation protocol and training, professional development aligned with district assessment tools, and curriculum induction and mentoring are all integral components of the ongoing professional development and capacity building of all district teachers and school leaders. This may include collaborative work or professional development to provide staff with curriculum and instruction-based skills aligned to updated State Learning Standards. The program is designed to support our teachers in preparing our students to be responsive to a continually changing world and take agency for themselves, their communities, and society as a whole. We established and currently have Mentor Coordinators (Elementary, Middle, High School)

We appropriated a mentor stipend and designed a formal application and interview process that enables us to annually recruit quality, dedicated teacher and administrator mentors. We are committed to and have developed a full program that includes our multi-day New Teacher Orientation Program in August, two, large-group formal K-12 Mentor-Mentee Meetings each year, monthly Coordinator/Mentee meetings that are target-specific and focus on specific professional development topics (i.e., our Evaluation Rubric, Parent-Teacher Conferences, Student Engagement, Learning Targets, etc.). All mentees are required to use My Learning Plan (the Professional Development and Evaluation Platform) to document/log and formally submit hours of mentorship, as well as a schedule and structure for the required, weekly, 40-minute Mentor/Mentee Meeting time. The program is formally measured through the collection of both qualitative and quantitative data. Confidential surveys, informal meetings, and correspondence between teacher, mentor, supervisor, building leader, and central office are all inclusive of the program evaluation. Each year the program is reviewed via survey of both mentors and mentees, revised, and modified, taking all feedback and NYSED requirements into consideration.

The Handbook includes: a Program Overview; The New York State Education Department Mentoring Standards; Mentor Qualifications, Roles, and Benefits; Mentee Responsibilities and Benefits; Beginning, Mid-Year, and End-of-the-Year Guidelines/Checklists; Guidelines and Reflective Questions for informal Mentor Observations and Mentee Visits; and a well-articulated Confidentiality Agreement that is signed by all parties. All mentees are required to use My Learning Plan(the Professional Development and Evaluation Platform) to document/log and formally submit 26 hours of mentorship, as well as a schedule and structure for the required, weekly, 40-minute Mentor/Mentee Meeting time.

Annual Mentor Program goals are formally measured through the collection of both qualitative and quantitative data. Confidential surveys, informal meetings, and correspondence between teacher, mentor, supervisor, building leader, and central office are all
