President’s Report
August 24, 2026

“A new beginning is not simply a new start; it is an opportunity to shape what comes next.”

As we look forward to a new school year, we have an opportunity to reaffirm our shared commitment to our schools, our students, and the educators and staff who support them each day. This is a time to look ahead with optimism and purpose: to strengthen our schools, support teaching and learning, and create the conditions in which every student can thrive. As a Board of Education, we have an important responsibility to provide leadership, listen thoughtfully, and work collaboratively with our superintendent, administrators, teachers, staff, families, and community. Together, we can begin this year with a clear sense of purpose and a shared commitment to making it an exceptional year for every student.

Today we will be setting our goals for the school year, but know our focus remains on strengthening teaching and learning, supporting our students and staff, maintaining fiscal responsibility, and continuing to meet the needs of our community. We are all looking forward to a wonderful year ahead. Thank you.
