

WICHITA STATE LIFE

LEARNING INDEPENDENCE
FOR FUTURE EMPLOYMENT

OVERVIEW

Wichita State LIFE (Learning Independence for Future Employment) is a two-year, non-degree postsecondary program designed for adults with intellectual and developmental disabilities. The program equips students with the academic, career, independent living, and social skills needed for meaningful employment and engaged adult life. Through individualized instruction, applied learning experiences, and partnerships with campus, industry, and community organizations, Wichita State LIFE helps students build self-determination while preparing for competitive, integrated employment and active participation in their communities.

➔ INCLUSIVE CAMPUS EXPERIENCE

Students enroll in university catalog courses each semester and participate in campus life, promoting academic and social engagement at Wichita State.

➔ APPLIED LEARNING AND CAREER PREPARATION

Hands-on learning opportunities and community partnerships help students develop workplace skills and prepare for competitive, integrated employment.

➔ INDIVIDUALIZED SUPPORT AND PEER MENTORSHIP

Students receive personalized instruction and guidance, along with peer mentorship that supports academic success, independence and social connection.

➔ SKILLS FOR INDEPENDENCE

The program intentionally develops independent living, social and leisure skills.
