
Northview Public Schools

1. What was the total amount of the district's Section 31a allocation for the 2025-26 school year?

\$1,924,308.22

2. Describe the district's methodology and decision-making for distributing Section 31a At-risk grant funds to target the buildings with the highest needs.

The district utilizes an MTSS district advisory team and a MICIP Team to analyze data using the MICIP process relative to action steps and programming for developing interventions for At-risk students. Decisions are then referred to the Superintendent and Director of Finance & Operations to make final determinations for use of At-Risk funds based on the recommendations of these advisory teams.

3. What evidence-based interventions and services were implemented with the Section 31a At-risk grant funds during the 2025-26 grant cycle?

- Credit Recovery programming for High School students
- Implementation of an alternative, project-based, small class size Algebra 1 course (Math on MainStreet) for students identified as At-risk in mathematics.
- Summer school programming (extended learning) for high school students
- ELL staffing for identified EL students offering small group instruction and academic support
- Academic (Literacy and Math) interventionist support for students in DK - 8th grade.
- Academic support for alternative education students through an interventionist.
- Tuition for dual enrollment and workforce training for alternative education students.
- Behavior interventionists to work with DK - 12 students who are demonstrating At-risk behaviors and chronic absenteeism.
- SEL support through school counselors and a special education behavior specialist in DK - 12th grades.
- District MTSS coordination of services and programming.
- Nursing services in partnership with Corewell Health for DK - 12th grade services to meet physical health needs and partnership in development of individualized health care plans

4. In what ways has the district collected feedback from parents or legal guardians on these interventions and services provided this year?

The district collects data through the MTSS PBIS annual school climate surveys to all parents and caregivers. In some cases, like the Math on MainStreet program, additional family surveys and data collection through parent teacher conferences are conducted annually. This last year, Focus Groups were organized and held with parents and

FY26 Section 31a Annual District Transparency Report

caregivers to better understand the Northview Public Schools experience as it pertains to a wide variety of programs and services to include those mentioned above.

5. Describe the method parents or legal guardians may use to provide feedback on the use of these funds.

In addition to the methods described above, parents may initiate requests with building and district administrators to discuss program options for their individual children.

For more information about Section 31a interventions and services available for your child(ren) contact: Dr. Becky Roy, rroy@nvps.net, Director of Curriculum and Instruction, and Katie Gilbert, District MTSS Coordinator.

To provide feedback or for more information on the use of Section 31a funding for the 2025-26 school year contact: Dr. Becky Roy, rroy@nvps.net, Director of Curriculum and Instruction, and Katie Gilbert, District MTSS Coordinator.

For additional questions regarding the Section 31a At-risk grant contact: Julie Bylsma, jbylsma@nvps.net, Director of Finance and Operations.
