Corbett Preparatory School of IDS

PreK- Grade 8 STEAM Teacher

Joy & Challenge | *Confidence & Creativity* | *Collaboration & Innovation*

Corbett Prep produces students who are **creative, innovative thinkers**, who **collaborate and lead**, and who carry the **confidence** to take on new challenges. The experience children have at our school in their formative and defining years builds a launchpad for infinite possibilities. Corbett Prep weaves together multiple best practices in education: **research-based knowledge** about multiple intelligences and **how the brain learns**; intellectual, emotional, social, and physical development; the power of active learning; and a **gifted framework** that appreciates the **uniqueness of each learner**.

Corbett Preparatory School has **highly acclaimed teachers,** always learning and studying so they can make learning magical, interesting, important, and relevant. The entire faculty and staff fosters this love for learning as it's founded on a **strong knowledge and research base**, seeking to implement best practices in education. We study, implement, refine, and begin the cycle over again utilizing a continuous improvement process model.

The Position

We are seeking a **full-time K–8 STEAM Teacher** to join our stellar team of highly qualified, passionate educators. This experienced teacher will be **open and reflective, team-oriented, creative, and a strong communicator.** Candidates should have experience teaching STEAM, STEM, technology, design, engineering, or a related field, with a strong understanding of how to engage students across a range of developmental levels.

Below are some of the skills and qualities we are looking for:

- Develop and implement an engaging K–8 STEAM curriculum that integrates science, technology, engineering, arts, and mathematics through hands-on, real-world applications.
- Create meaningful learning experiences that encourage students to **design, create, experiment, iterate, and problem-solve**.
- Foster a supportive and inclusive learning environment where students feel empowered to take risks, explore their interests, and develop confidence as innovators and creators.
- Utilize a variety of teaching strategies, tools, and resources to accommodate diverse learning styles, developmental levels, and abilities.
- Incorporate **project-based, inquiry-based, and collaborative learning** to develop students' critical thinking, creativity, problem-solving, communication, and teamwork skills.
- Integrate age-appropriate technology, engineering practices, design thinking, coding, robotics, makerspace experiences, and other STEAM-related tools and resources.

- Provide constructive feedback and guidance that encourages students to reflect, revise, and persevere through the design and problem-solving process.
- Stay current with emerging trends, technologies, and best practices in STEAM education and thoughtfully integrate them into instruction.
- Collaborate with classroom teachers and colleagues to create interdisciplinary learning experiences and align curriculum and instructional practices across grade levels and subject areas.
- Build strong relationships with students and colleagues and contribute positively to a collaborative, innovative school community.

Olympic Mentality: Why Join the Team?

At the heart of Corbett Preparatory School of IDS is teacher training. The Corbett Prep spirit is like the Olympic spirit, where the **best are always working to get better.** Our teachers study together weekly, discovering the latest research in what works in educating children, and they embrace proven methods for challenging students to succeed. At Corbett Prep, everyone works to create **a community filled with care, cooperation, collaboration, and cohesiveness**. We work together to ensure that Corbett Prep is a comfortable and enjoyable place for students, teachers, and all staff.

A faculty and staff committed to lifelong learning, a supportive community and in a beautiful, natural setting make Corbett Prep an inspiring place to work. We are a PreK3-8th grade school in North Tampa that offers the International Baccalaureate Programme for all ages, an experiential Application Lab, visual and performing arts opportunities, and a robust social-emotional learning curriculum shaped and piloted by our teachers. Our approach in the classroom is brain- and research-based with an emphasis on cooperative learning, and our educators are skilled collaborators who regularly attend and present at professional conferences, both domestically and internationally, to hone their craft.

Corbett Prep faculty consists of more than 110 full-time professional teachers, administrators, and support staff as well as an amazing facilities team. Classroom teachers are in compliance with state and/or Florida Council of Independent School standards and hold credentials necessary to teach in a Florida school. Many hold advanced degrees and are endorsed in Gifted Education from the University of South Florida College of Education Gifted Program. All teachers are trained to teach the International Baccalaureate curriculum at their grade level and subject area, and the faculty are highly skilled educators, known for being lifelong learners, with a commitment to continuous study, implementing the research on effective teaching. Corbett Prep's respected, exemplary teachers model teaching for visitors from across the globe who wish to learn how to facilitate learning with precision and finesse.

How to apply

Send a cover letter and resume to Allison Rogers, Assistant to the Head of School, at arogers@corbettprep.com
