

A PROVEN INVESTMENT:

The 1 Mill Delivers for Our Students & Teachers

On November 3, 2026, Palm Beach County voters can renew the successful 1 Mill funding measure in place since 2019. This is not a new tax — it's a continuation of the voter-approved referendum that directly supports our students and teachers.

Where the Money Goes

50% BOOSTING TEACHER PAY

25% CAREER/CHOICE POSITIONS

25% MENTAL HEALTH, SCHOOL SECURITY

A Renewal, Not a New Tax.

Generates approximately $320 million annually in local funding for our schools.

Guaranteed by Citizen Oversight.

Every dollar is monitored by the Independent Referendum Oversight Committee (IROC). Promises made, promises kept.

WHAT IS AT STAKE

A RATED!

- **An Immediate Teacher Pay Cut.** Every teacher would face a pay cut averaging **$8,000 per year**, risking the loss of our most talented educators.
- **Drastic Cuts to Student Programs.** **Over 900 teaching positions** in art, music, and PE would be eliminated, and popular Choice and Career Academies would face closure.
- **Reduced School Safety and Mental Health Support.** Dedicated funding for School Police, security staff, and behavioral health professionals would be lost.

WHAT THE 1 MILL DELIVERS

- ✓ Competitive teacher salaries — among the **highest in the state**
- ✓ **300+ Choice and Career Academies** — performing arts, pre-med, aviation, engineering, culinary, construction trades, and more
- ✓ A counselor and behavioral health professional on **every campus**
- ✓ Our **highest-ever graduation rate**

StrongSchoolsPBC.com

In accordance with Florida law, revenues are shared with eligible public charter schools based on their proportionate share of district enrollment.
