GRADE LEVEL: Kindergarten COURSE NAME: Math
MEASUREMENT TOPIC: Describe and Compare Measurable Attributes

4	In addition to Score 3, the student makes in-depth inferences and applications. ❏ When given an object, the student can compare measurable attributes of another chosen object.
3	❏ **Directly compare two objects with a measurable attribute in common to see which object has "more of" or "less of" the attribute and describe the difference.**
2	☐ Identify and describe attributes (length, weight, height) of a single object using vocabulary such as long/short, heavy/light, or tall/short
1	With help, a partial understanding of some of the simpler details and processes, and some of the more complex ideas and processes.

Key Vocabulary: measurement, objects, **compare,** long/short, tall/short, heavy/ light **attributes (**length, weight, height)
