GRADE LEVEL: 1st Grade COURSE NAME: Math
MEASUREMENT TOPIC: Add and Subtract within 20

4	In addition to Score 3, the student makes in-depth inferences and applications. ❏ Analyze an addition and subtraction work sample for errors, describe the errors, and correct the errors.
3	☐ Use strategies to add and subtract within 20. ☐ Know that the equal sign represents a relationship between two equal quantities. ☐ Solve for the unknown whole number in various positions in an addition or subtraction equation. ☐ Relate counting to addition and subtraction using strategies such as counting on, counting back, or counting all. ☐ Apply understanding of the equal sign to determine if equations are true. ☐ Demonstrate fluency with addition and subtraction facts with sums or differences to 10. (Use monthly progress monitoring)
2	☐ Add and subtract within 10 using concrete manipulatives and strategies such as counting all. (through observation)
1	With help, a partial understanding of some of the simpler details and processes, and some of the more complex ideas and processes.

Key Vocabulary: Addition, Subtraction, Equal Sign, Equation, Sums, Differences, equal to, Decompose, plus, minus, equals, distance, compose, strategy, true, false
