Welcome to 5th Grade

Welcome to Fifth Grade! Every Friday you will receive an email with the weekly newsletter. It includes all the important dates and things you need to know for the week ahead. One unique thing about fifth grade is students begin learning typing skills in computer class. Students have computer classes twice a week with Ms. Kwan. Students will need a password for computers. If you need help you can contact Ms. Kwan or Mr. Altman.

How to set up a password for Computer Class: Your child's username is their 6-digit student ID number.

Your child's default password will be TCA- followed by their birth (mmddyyyy) example: TCA-01012026

Go to www.office.com and select SIGN IN.

Enter your child's full student number (123456@msn.tcatitans.org) and select NEXT.

Enter your child's default password and select SIGN IN

This will prompt you to create a new password. Please choose something easy to remember. Must be 12 characters, 1 uppercase, 1 number and one special character.
