Guest Speakers

- Mrs. Pendleton, Head of School - TCCA's Trivium Presentation
 - Introduction
 - Acknowledgment of staff at the meeting- Ms. Fletcher, Upper School Assistant Principal; Ms. McCluskey, Lower School Assistant Principal; and Mrs. Sinatra-Ibalarrosa, Communications and Events Coordinator
 - At TCCA, we problem solve, train the minds and improve the hearts, and teach wisdom, not only knowledge. Children thrive on structure and high expectations. Scholars are taught to think critically. There are many exciting things in the works for the year

and the future, such as a 6th grade band, AP and dual enrollment classes for high school, and a student success class for PSAT/SAT prep. Late elementary scholars' families are encouraged to attend high school informational night to learn more. If any families are interested in enrolling in our school or learning more, please encourage them to schedule a Tuesday tour.

- At Treasure Coast Classical Academy, the Trivium forms the foundation of everything we do.
- In the early years, scholars absorb knowledge and develop a love of learning.
- As they mature, they learn to question, reason, and evaluate ideas.
- By high school, they are prepared to express their thoughts with confidence and wisdom.
- The result?

- ✓ Strong academic foundations
- ✓ Critical thinking skills
- ✓ Effective communication
- ✓ Intellectual confidence
- ✓ Lifelong curiosity
- The Trivium is more than an educational model, it's a proven pathway to developing thoughtful leaders and engaged citizens.
