

RITENOUR SCHOOL DISTRICT

PROP I & PROP N

ZERO TAX RATE CHANGE

The Ritenour Board of Education has placed two measures on the Nov. 3, 2026, ballot that would address the district's facility and operational needs **without changing the current school tax rate**.

PROPOSITION I

$42 Million Bond Issue

If approved, Proposition I would provide funding for major facility improvements, including:

- HVAC replacements and upgrades
- Safety and security improvements
- Window replacement at all elementary schools
- Building maintenance and repairs
- School renovations and playground improvements

PROPOSITION N

Tax Transfer

If approved, Proposition N would **transfer existing tax revenue** from the debt service fund to the operating fund.

The transfer would help fund:

- Teacher and staff salaries
- Operating expenses

Why Are These Measures Needed?

- Because of responsible financial management and a recent increase in property values, Ritenour can make these repairs and **renovations without raising the tax rate** for district residents.
- Ritenour maintains **nearly one million square feet** of school facilities.
- School buildings average **more than 55 years old**.
- Buildings require ongoing maintenance, repairs and safety improvements.
- Ritenour has a history of working with the community to protect our schools, and we must continue to protect the value of the buildings in our district.
