ACCREDITATION

Jupiter Christian School was founded in 1963 and is accredited by the Association of Christian Schools International (ACSI) and Cognia. The school features a strong academic program within a Christ-centered curriculum.

ACADEMICS AND CURRICULUM

The academic year is divided into two semesters, each approximately 18 weeks in length. Grades are reported at nine-week intervals. Students are evaluated regularly through various classroom methods and NWEA MAP Growth Assessment to assess comprehension and mastery of skills in Reading, Language, Math and Science. JCS Students consistently score above state and national averages in all subject areas. This is administered three times per year.

JCS utilizes a variety of publishers and texts to comprise our standards-aligned, academically rigorous, and Christ-centered curriculum. Differentiated learning, centers, and small group learning are intentionally integrated into the daily routine. A growth mindset and love for learning characterize the elementary years. Students grow in academic skills, social understanding, biblical knowledge, and resilience as they become more independent. The elementary years are when a child's dreams, interests, and gifts begin to unfold.

SPIRITUAL LIFE

JCS not only provides an unapologetically Christ-centered education, but various avenues for spiritual formation. Our Director of Spiritual Life oversees weekly Elementary chapel as well as numerous service projects throughout the year. Daily Bible class is considered a core subject and monthly character traits and biblical through lines are woven into our classroom environment. Jupiter Christian School is not affiliated with any one denomination, but intentionally hires faculty with active and committed relationships to Jesus Christ.

JCS is committed to excellence in teaching the mind, reaching the heart, and inspiring servant leaders who are impacting the world for Jesus Christ.
