Dear Parent and Student Athlete:

The purpose of this letter is to welcome your son/daughter into our 2026-2027 sports program. We want your son/daughter to have an enjoyable experience not only participating in the sport of their choosing, but also with other members of the team and their coaches.

Attached is a copy of our student athletic handbook for you to read regarding athletic scholarships, NCAA guidelines, eligibility, physical examinations, attendance, hazing, lettering, and other guidelines that have been set forth by the Central Greene School District.

Please review the enclosed information and familiarize yourself with the district's policies and procedures. Upon completing a review of the information, each participant and parent/guardian is to sign this notice (located at the back of the handbook) that acknowledges they have read the athletic manual. Please have your son/daughter **return this form to their respective coach prior to the beginning of the first day of practice.**

If you have any questions or concerns regarding the athletic program, please do not hesitate to contact us.
Good luck this year and GO RAIDERS!!

Sincerely,

Bob Stephenson

CENTRAL GREENE SCHOOL DISTRICT ATHLETIC OVERVIEW ATHLETICS

The interscholastic sports program consists of fifteen (16) varsity teams, nine (9) junior varsity teams and nine (9) junior high/middle school programs. All of these groups compete in the Pennsylvania Interscholastic Athletic Association (P.I.A.A.) District 7, commonly known as the Western Pennsylvania Interscholastic Athletic League (W.P.I.A.L.).

Baseball: This spring sport is offered for boys and is comprised of a varsity, and junior varsity teams.

Basketball: Varsity Girls Basketball is a winter sport. This sport is offered to 7th/8th grade girls in the late Fall/early winter at WCJS.

In the winter, competition includes boys/girls varsity, junior varsity, and 7th/8th grade boys at WCJS.

Bocce: Unified Bocce is a varsity winter sport offered to grades 9-12.

Cheerleading: This sport is offered at the 7th/8th grade levels as well as the varsity level during the fall and winter sports seasons.

Cross Country: This fall sport is offered to both boys and girls at the varsity level.

Football: This fall sport is offered for the 7th/8th grade, varsity, and junior varsity levels.

Golf: This fall sport is offered to boys and girls at the varsity level.

Softball: In the fall, this sport is offered to 7th/8th girls at WCJS.

In the spring, this sport is offered to girls at the varsity and junior varsity levels.

Soccer: In the fall, soccer is offered to both boys and girls at the 7th/8th level, junior varsity, and varsity level.

Track: In the spring, both boys and girls will take part in this athletic contest at the varsity level. Track is also offered to middle school students in 7th and 8th grades in the spring.

Volleyball: The fall is the girls' season for competition at the varsity and junior varsity levels. Middle School volleyball is offered to girls in grades 7th and 8th between the winter and the spring sports season.

Wrestling: Wrestling is offered to all students as a winter sport and includes teams at the junior high (7th, 8th, and 9th) and varsity levels.

Rifle: In the winter, Rifle will be offered to all students 9th-12th grade as a team sport.

CENTRAL GREENE SCHOOL DISTRICT ATHLETIC MISSION STATEMENT

The Central Greene School District attempts to provide an interscholastic athletic program that will allow its students the opportunity to derive all benefits that participation in competitive sports offer. The administration, staff, and community are committed to building a solid athletic program, and to maintaining a high level of integrity throughout its athletic program.

It is the mission of the Central Greene School District Athletic Department to challenge all student athletes to achieve success and a sense of self-esteem through participation in competitive athletics. Students are encouraged to develop responsibility and commitment, an understanding of the importance of teamwork, and respect for self and others.

SPORTS PHYSICAL EXAMS

The Central Greene School District Athletic Training Staff in conjunction with Cornerstone Care will provide pre-participation physical exams, at no cost, for high school and middle school athletes' participation during the FALL, WINTER and SPRING sports seasons. Dates and times for physicals will be announced and displayed in schools and newspapers prior to physical date.

Under PIAA By-Laws, all athletes must have a physical examination by a licensed physician before beginning practice. Student athletes must acquire ONE comprehensive physical per year in order to be eligible for interscholastic sports competition. **Physicals must be received after May 1, prior to the start of the school year.** Students are required to have a physical exam/re-examination for each sport in which he/she participates if they have been injured prior to the start of that particular season. No athlete will be permitted to participate in interscholastic athletics for the Central Greene School District until the PIAA Pre-Participation Physical Packet has been completed.

This packet can be found on our website and MUST be signed by a physician and parent/guardian where appropriate. Furthermore, all information MUST be completed in its entirety. You may obtain a physical from your personal physician; however, if you choose to do so, you are still required to have all forms turned in on time.

****No student will be permitted to participate in a sport without a completed physical that falls within the desired guidelines. ****

**PLEASE NOTE THERE WILL BE NO MAKE UP PHYSICALS PROVIDED BY
THE DISTRICT.**

**CENTRAL GREENE SCHOOL DISTRICT
COACHES CODE OF ETHICS**

The function of a coach is to properly educate students through participation in interscholastic competition. The interscholastic program is designed to enhance academic achievement and should never interfere with opportunities for academic success. Each child should be treated as though they were the coaches' own and their welfare shall be cared for at all times. In recognition of this, the National Federation Interscholastic Coaches Association (NFICA) Board of Directors has adopted the following guidelines.

- The coach must be aware that he/she has a tremendous influence, either good or bad, in the education of the student athlete and, thus, shall never place the value of winning above the value of instilling the highest desirable ideals of character.
- The coach must constantly uphold the honor and dignity of the profession. In all personal contact with the student athletes, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.
- The coach shall take an active role in the prevention of drug, alcohol, and tobacco abuse and under no circumstances should authorize their use.
- The coach shall promote the entire interscholastic program of the school and direct his/her program in harmony with the total school program.
- The coach shall be thoroughly acquainted with the contest rules and is responsible for their interpretation to team members. The spirit and letter of rules should be regarded as mutual agreements. The coach shall not try to seek an advantage by circumvention of the spirit of the letter of the rules.
- Coaches shall actively use their influence to enhance sportsmanship by their spectators, working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.
- Contest officials shall have the respect and support of the coach. The coach shall not indulge in conduct that will incite players or spectators against the officials. Public criticism of officials or players is unethical.
- Before and after contests, rival coaches should meet and exchange friendly greetings to set the correct tone for the event.
- The coach shall not exert pressure on faculty members to give student athletes special consideration.
- It is unethical for coaches to scout opponents by any means other than those adopted by the league and/or state high school athletic association.

I. STATEMENT OF PHILOSOPHY

A. The Central Greene School District believes that a dynamic program of student athletics is vital to the educational development of the student.

B. Athletics plays an important part in the life of the Waynesburg Central JSHS school students. Young people learn a great deal from their participation in interscholastic athletics. Lessons in sportsmanship, teamwork, competition, and how to win and lose gracefully are an integral part of each team in our athletic program. Athletics play an important part, too, in helping the individual student develop a healthy self-concept as well as a healthy body. Athletic competition adds to our school spirit and helps all students (spectators as well as participants) develop pride in their school.

Before any program of direction can operate effectively, a philosophy should be set down to provide a preview of the ultimate ends to be achieved and the guidelines within which accomplishment is to progress.

The major objective of the athletic program is to provide wholesome opportunities for students to develop positive habits and attitudes.

Leadership should be of the highest quality so as to exemplify to the participants the desired type of behavior to be developed from the athletic program. Measurement of leadership success should not be in terms of the victory and defeat record, but rather in the personality development factors that are an outgrowth of the major objectives of the athletic program.

The athletic program will conform to the policies of the school district. At no time should the program place the total educational curriculum secondary in emphasis; the program should constantly strive for the development of well rounded individuals, capable of taking their place in modern society.

C. We believe that the opportunity for participation in a wide variety of student selected activities is a vital part of the student's educational experiences.

Such participation is a privilege that carries with it responsibilities to the school, to the activity, to the student body, to the community, and to the students themselves. These experiences contribute to the development of learning skills and emotional patterns that enable the student to make maximum use of his/her education.

D. The interscholastic athletic program shall be conducted in accordance with existing Board of School Directors policies. While the Board of School Directors takes great pride in winning, it does not condone "winning at any cost" and discourages any and all pressures, which might tend to neglect good sportsmanship and good mental health. At all times, the athletic program must be conducted in such a way so as to justify it as an educational experience.

E. A comprehensive and balanced athletic program is an essential complement to the basic program of instruction. The athletic program should provide opportunities for students to further develop interests and talents in sports.

Participation in athletics should provide many students with a lifetime basis for personal values for work and leisure activities. Every effort should be made to support the activities program with the best facilities, equipment, and with the most qualified staff available. Coaches, directors, and sponsors should teach the specific skills necessary for improvement in athletics and provide guidance in the development of self realization, good sportsmanship, cooperation, leadership, ethical behavior, and an appreciation for the importance of practice.

The ultimate goals of the athletic program should be: (1) to realize the value of participation without overemphasizing the importance of winning, and (2) to develop and improve positive citizenship traits among the programs' participants.

II. ADMINISTRATIVE ORGANIZATION

Chain of Command

- A. Board of School Directors:** The Board of School Directors is responsible to the residents of the District and is the ruling agency for the Central Greene School District. It is responsible for interpreting the needs of the community and requirements to the professional organization. Additional responsibilities include:
 - a. Developing policies in accordance with state statutes and mandates in accordance with the educational needs and wishes of the people.
 - b. Approving means by which professional staff may make these policies effective.
 - c. Evaluating the interscholastic athletic program in terms of its value to the community.
- B. Superintendent of Schools:** The superintendent is responsible to administer the schools according to adopted policies of the Board of School Directors, rules and regulations of the State Department of Education, and in accordance with Pennsylvania Public School Code of 1949. It is his/her duty to establish a definite school athletic policy and to have an understanding of that policy. The superintendent shall represent the school district as its chief executive officer and its foremost professional educator in its dealings with other school systems, social institutions, and businesses.
- C. Principal:** The principal is the official representative of the school and is directly responsible for the general attitude of the student body and the conduct of the athletic affairs by the athletic director and the coach. By delegation and by established precedent, the school principal is the official school representative in matters dealing with Waynesburg Central JSHS Athletics and conference affiliations. The principal is solely responsible for any official action taken by his/her school.
- D. Athletic Director:** The primary responsibility of the athletic director is the administration and supervision of the interscholastic athletic program in the Central Greene School District. The athletic director's duties will be those described in his/her job description and any others as designated. He/she will provide the leadership necessary for the day-to-day operations of the athletic department.

- E. **Head Coaches:** All head coaches shall be responsible to the athletic director for the total operation of their respective sports programs. Head coaches will be responsible for the normal duties required of interscholastic competition, those duties described in the coach's job description, and/or any duties delegated by the athletic director.

III. PIAA CONSTITUTION AND GUIDELINES – ATHLETIC COURTESY

Concussion/Cardiac Rule: All Head, Assistant, and Volunteer Coaches must take the NFHS Concussion and Cardiac informational courses. All coaches must have this done before the first official day of practice of **THEIR SEASON**. Failure to do so will result in strict punishment by the PIAA.

Coaches Principles/ First Aid Course Rule: It is now mandatory that all Volunteer and Paid Coaches must complete the Coaches Principles and the First Aid Courses within two (2) years. This rule began in July of 2016 for all of the coaches who were active at that time. For all coaches who were approved or hired after that point, their clock began with their hire or approval date. Please see the Athletic Director if you have any questions.

A. Ethics in High School Athletics

The Code of Ethics pertaining to high school athletics is to be regarded not only as recommendations but also as rules governing the conduct of schools, the coach, officials, athletic directors, principals, and the public.

Section 1. Athletics should foster good sportsmanship. It is the privilege and duty of every person connected with athletics to exemplify these principles in his/her own actions and earnestly advocate them before others.

1. The rules of the game are to be regarded as mutual agreements, the spirit or letter of which no honorable person would break. The stealing of advantage on sport is theft.
2. No advantages are to be sought over others except those in which the game is understood to show superiority.
3. Unsportsmanlike or unfair means are not to be used, even when they are used by opponents.
4. Visiting teams are to be honored guests of the home team and should be treated as such.
5. No action is to be taken which would seem unsportsmanlike or dishonorable if known to one's opponent or the public.
6. Remember that the student spectator represents his school the same, as does the athlete.
7. Any spectator who continually evidences poor sportsmanship should be requested not to attend future contests.
8. Decisions of officials are to be abided by, even when they seem unfair.
9. Officials and opponents are to be regarded and treated as honest in intention. In games when opponents conduct themselves in an unbecoming manner, and when officials are manifestly dishonest or incompetent, future relationships with them should be avoided.
10. Good points in others should be appreciated and suitable recognition given.
11. The practice of "booing" is regarded as discourteous and unsportsmanlike.

IV. ATHLETIC SCHOLARSHIPS AND RECRUITING

Student athletes should conduct a meeting with their high school coach (es) at the end of their junior season. Let your coaches know that you are very interested in participating in college athletics and discuss your potential as an NCAA Division I, II, or III player. Do not be afraid to ask for their help. Your coach will help you, but there are limitations as to how much he/she can do. There are over three thousand (3,000) colleges and universities that offer athletic programs. Contacting each and every one of them is impossible for your coach.

Levels of Play:

1. National Collegiate Athletic Association (NCAA)

- NCAA Division I. This is the highest level of play and they offer the most scholarships. These are the large schools with large student populations.
- NCAA Division II. Smaller specialty schools that provide scholarships as well as financial aid grants.
- NCAA Division III. No athletic scholarships but many high school graduates receive academic scholarships, financial aid, grants, and jobs on campus, also known as work-study programs.

2. National Association of Intercollegiate Athletics

NAIA can give athletic scholarships as well as other benefits to enable a player to attend school.

3. National Junior College Athletic Association (NJCAA)

Financial aid is provided for the cost of tuition and books. If you are not ready physically or mentally to attend a four (4) year college, then a junior college that offers athletic programs may be the answer.

Are you good enough to participate at the college level? Build support groups that can give you good sound advice that would consist of your parents, coaches, principals, athletic director, and community members that have participated in college athletics that have seen you play. There is no substitute for the college playing experience. These people know what it takes to play at the next level.

Once you have set your goals for college athletics, begin to market yourself. You can only be offered a college scholarship if a college coach or scout has an opportunity to see you play. This is where you need to begin to market yourself to the colleges of your choice.

1. Go to the guidance office, athletic office, or the Internet and obtain addresses of the colleges that you would be interested in.
2. Prepare a letter to be sent to the college coaches
3. Prepare a resume of your career
4. Prepare a highlight tape and game tape to send with the resume (be sure to label your game tape with the appropriate information – name, jersey number, address, school name, etc.).

Send the information before your senior season. The best advice would be to send it immediately after the signing of the last recruiting season ahead of you. The majority of the colleges will send you a questionnaire; complete it and return it to the colleges immediately.

If you are an outstanding student, you will have opportunities to obtain athletic and academic scholarships. Many of the top academic universities have stringent minimum academic entrance requirements where many athletes cannot qualify.

Talk with your guidance counselor/coach to obtain the names of academic universities in which you may obtain an athletic scholarship. This is a great opportunity for you if you are an outstanding student.

It is suggested that you attend a summer camp to increase your chances of being noticed. You will have the opportunity to perform in front of the college coaching staff for four (4) or five (5) days. Your high school coach or the athletic director can help you obtain information for summer camps.

If all else fails, you have the opportunity to walk on at the college of your choice and have the chance to earn a college scholarship later. It is very feasible to walk on a team and earn a partial or full scholarship for your remaining years if you become a starter.

College coaches are looking for all around athletic ability first. They look for coordination, speed, jumping ability, size, and strength. College coaches recognize that superior all-around athletes are usually good at a variety of sports.

Just by participating in different sports, you are showing scouts that you have some unique gifts – unique because most young athletes can barely excel at one sport, much less two or three. If you are a standout at two (2) or three (3) sports, then you are a special talent.

V. GUIDE FOR COLLEGE-BOUND STUDENT ATHLETES

As Athletic Director, the best advice I can pass along if you plan to compete athletically at the college level is to start asking questions.

Find out if you're on track to meet the academic eligibility and core-course requirements of the college/university you wish to attend. See what the graduation rate of the athletics program is at and that the athletes in your sport are meeting graduation requirements at the colleges in which you are interested. Ask what academic support services are available and how academic progress is tracked. And finally, ask yourself, "Will I be happy here if I never compete?" Selecting a college/university is a big decision. The more data and information you collect before deciding, the better off you will be.

You'll notice that not one of those questions deals with the athletics side of being a student-athlete. Instead of focusing on which college can lead to a career in the pros, consider that:

- **There are nearly 1,000,000 high school football players and about 500,000 basketball players. Of that number, about 150 make it to the NFL and about 50 make an NBA team.**
- **Less than 3% of college seniors will play one year of professional basketball.**
- **The odds of a high school football player making it to the pros at all – let alone having a career – are about 6,000 to 1; the odds for a high school basketball player are 10,000 to 1.**

Take a hard look at these numbers and think about what will matter in the long run – **A COLLEGE EDUCATION**.

There is another question you probably have: What is the NCAA?

The Association was founded in 1906. It is made up of 1,200 schools classified in three divisions (Division 1 has 302 schools; Division 2 has 247; and Division 3 has 357). Schools in Division 1, which is divided into two divisions for football (Division 1-A and Division 1-AA), compete at the major college level.

CENTRAL GREENE SCHOOL DISTRICT ATHLETIC DEPARTMENT

Young people learn a great deal from their participation in interscholastic athletics. Lessons in sportsmanship, teamwork, competition, and how to win and lose gracefully are an integral part of each team in our athletic program. Athletics play an important role, too, in helping the individual student develop a healthy self-concept as well as a healthy body.

A student's physical and mental health is just one of many concerns that the administration, coaches, and teachers have for your child's total well being. **Although there is no set policy against a student participating in more than one sport during any given season, we believe that students should play only ONE (1) sport during the fall, winter, and spring sports seasons.** This is largely due to the grueling practice and academic workload for high school students. Students must remember that they are students first and athletes second. Trying to do too much will affect a student's health and also his/her academic and athletic performance.

VI. COMMUNICATIONS

Administrators:

Mr. Bob Stephenson - High School Principal 724-852-1050
Mr. Scott Headlee – Junior High School Principal 724-852-1050
Mr. Chris Miner – Athletic Director 724-852-1050

Coaches and the athletic director are responsible for communicating information regarding the athletic program to parents. Parents/guardians are responsible for understanding the athletic program's rules, regulations, and requirements and the coaches' expectations.

Communication/Information Coaches Should Provide to Parents:

- ☐ Eligibility and playing criteria
- ☐ Coach's expectations of players and their parents/guardians
- ☐ Locations and times of all practices and contests
- ☐ Team requirements (i.e. special equipment, off-season conditioning, etc.)
- ☐ Team rules and guidelines
- ☐ Lettering requirements
- ☐ Disciplinary procedures

- ☐ Information regarding procedures to contact coaches

Communication / Information Parents/Guardians Should Provide to Coaches:

- ☐ Notification of any schedule conflicts well in advance
- ☐ Specific concerns in regard to the coach's philosophy and/or expectations
- ☐ Information regarding student injuries and medical condition

Appropriate Concerns for Parents/Guardians to Discuss with Coaches:

- ☐ Treatment of their child
- ☐ Ways to help their child improve
- ☐ Concerns about their child's behavior

Issues NOT Appropriate to Discuss with Coaches:

- ☐ Playing time / positions / assignments
- ☐ Team strategy
- ☐ Play calling
- ☐ Other student athletes

Electronic Communication

As with other forms of communication, when communicating electronically, adults shall maintain professional boundaries with students. This subsection shall not apply to adults who are family members to a student to whom the electronic communication is directed.

Electronic communication with students shall be for legitimate educational reasons only.

When available, district-provided email or other district-provided communication devices or communication platforms shall be used when communicating electronically with students. The use of district-provided email or other district-provided communication devices shall be in accordance with district policies and procedures.

All electronic communications from adults shall be sent in a single communication to all participating team or club members, or all students in a classroom, as applicable, except for communications concerning an individual student's medical or academic privacy matters, or responses to communications from individual students for legitimate educational reasons (ex. Inquiries from an individual student about an assignment or a practice/game time).

EXCEPTIONS- An emergency situation or a legitimate educational reason may justify deviation from professional boundaries set out in this policy. The adult shall be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that he or she has maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from Subsection a, "Prohibited Conduct" of this policy.

There will be circumstances where personal relationships develop between an adult and a student's family, e.g. when their children become friends. This policy is not intended to interfere with such relationships or to limit activities that are normally consistent with such relationships. Adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity.

It is understood that many adults are involved in various other roles in the community through non district-related civic, religious, athletic, scouting or other organizations and programs whose participants may include district students. Such community involvement is commendable, and this policy is not intended to interfere with or restrict an adult's ability to serve in those roles; however, adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity regarding all youth with whom they interact during their community involvement.

Procedures for Discussing Parental Concerns:

- ☐ Parents/Guardians should not confront coaches or engage in discussion with coaches, either in person or via telephone, immediately before or after a practice or on a game day. ***Discussions during times of high emotions do not promote resolution of issues. All conflict resolutions meetings should adhere to a strict 24-hour rule whereby any meeting with a coach shall wait a minimum of 24 hours following any contest ending.***
- ☐ Parents/Guardians may discuss concerns with coaches via the telephone or request a meeting with the coach.
- ☐ If a parent/guardian meeting is desired, the parent/guardian should call the coach to schedule an appointment in advance.
- ☐ If the coach cannot be reached, the Athletic Director should be contacted to schedule the meeting. **Complaints not resolved with the head coach must be submitted in writing or via email to the Athletic Director at chris.minerd@cgsd.org. The written complaint must contain the following:**
 - **The name of the coach or specific sport, level of competition**
 - **A brief summary of the nature of complaint and the facts surrounding it.**
- ☐ If the meeting with the coach does not provide satisfactory resolution, the parent may schedule an appointment with the Athletic Director to discuss the situation. **Because playing time and the level or position placement are the sole responsibility of the coach, complaints regarding these items will not be heard beyond the head coach.**
- ☐ Coaches may also schedule a meeting with the Athletic Director to discuss issues with parents/guardians.
- ☐ If the situation is still unresolved, additional meetings with appropriate administrators may be scheduled.

VII. STUDENT PARTICIPATION IN EVENTS

When a student becomes a member of a team or group, he/she is committing to all the rules and expectations of that team/organization and coach/advisor. These rules, regulations, and expectations are published prior to the season and signed by the student and his/her parents/guardians at that time. Full participation in extracurricular activities by any student requires skillful time management and prior planning for involvement in multiple events and activities.

This is part of the skills and advantages that participants develop and nurture through membership in extracurricular activities.

Acknowledging that students by nature of their youth and inexperience are still developing life skills which include time management and prioritization of responsibilities, the Board of School Directors, administration, and coaches shall encourage each extracurricular activity participant to strive to achieve the highest academic as well as athletic standards as an individual and as a team.

All coaches and sponsors will reinforce the premise that the student has the responsibility to maintain sound academic standings. If, during the course of planned season activities, a situation develops which places an academic activity at risk, it is the **student's responsibility** to bring this issue to the attention of their **immediate team head coach or sponsor** with a proposed resolution **prior to the start of the activity**.

Full participation and attendance at all competitions, practices, and events is expected of all participants. In the event of an extreme personal or family emergency and/or a conflict with academic demands, at the request of the parents/guardians and with the approval of the immediate team head coach or athletic director participation may be excused or abbreviated. This may only be arranged at the discretion of the team head coach or athletic director prior to the event. The head coach or athletic director may also grant these exceptions when the schedule presents an undue burden or academic strain on the students as a result of competitions/events being scheduled on two or more consecutive school evenings. **All arrangements must be made prior to the start of the event or competition.**

Teams are permitted to practice six days per week. However, each team must be given a day off during a calendar week unless approved by the Principal/Athletic Director.

If a student decides to join a team after a season has officially started, they must participate in five full practices before they can play in a game. A student athlete cannot practice more than one time per day or do extra drills to make up for the time they missed. Game days do not count as a practice day. Exceptions will only be made under the following circumstances a) the team does not have enough to participate in a game/match b)a student is returning from injury c) a student has transferred into the District and has already met the five day practice requirement at the previous school. Students should not be joining a team after that team has practiced two full weeks unless approved by the Coach, Principal and Athletic Director.

VIII. ELIGIBILITY

A. Age

Maximum Age Rule: A pupil shall be ineligible for interscholastic athletic competition upon attaining the age of nineteen (19) years, with the following exception:

If the age of nineteen (19) is attained on or after July 1, the pupil shall be eligible, age wise, to compete through that school year.

B. Attendance

In order to be eligible to participate in any interscholastic athletic contest, a pupil must have been regularly enrolled in a secondary school and in full time attendance thereafter. A pupil is eligible only at the school at which he/she is enrolled.

Students will be ineligible to participate in any activity or sport if he/she has missed more than **twenty (20) school days during a semester**, unless the absence is verified by a doctor's written excuse.

How Absence Affects Eligibility: A pupil who has been absent from school during a semester for a total of twenty (20) or more days shall not be eligible to participate in any athletic contest until he has been in attendance for a total of forty-five (45) school days following his/her twentieth (20th) day of absence, except where there is a consecutive absence of five (5) or more school days due to confining injury, death in the immediate family (as defined in Section 1154 of the Public School Code of 1949, as amended), court subpoena, or quarantine, or an absence of five (5) or more school days due to the same confining illness, such absence may be waived from the application of this rule by the District Committee.

Attendance at summer school does not count toward the required forty-five (45) days. Absence from school for an entire semester, or for several semesters, shall disqualify a pupil for the same period as stated in this section. Fifteen (15) days or more of enrollment in a semester in any secondary school shall count as one semester of membership. Attendance at summer school does not count as a semester or part of a semester.

C. Parental Consent

A pupil shall be eligible for practice or participation in each sport only when there is on file with the athletic training staff a certificate of consent, which is signed by the student's parent or guardian. The only valid certificate of consent is the P.I.A.A. Parent's Certificate. **NO ATHLETE WILL BE PERMITTED TO PLAY UNLESS THIS CERTIFICATE IS TURNED IN TO THE ATHLETIC OFFICE OR ATHLETIC TRAINER.**

D. Completion of Sports Physicals

Requirement: The Central Greene School District follows the guidelines of the Pennsylvania Interscholastic Athletic Association (P.I.A.A.) in requiring that all athletes participating in interscholastic competition have a pre-participation physical examination.

This exam must occur no earlier than June 1st for all sports. Starting in June 2008, one (1) Comprehensive Physical will allow a student-athlete to participate the entire school year without getting recertified, unless they are injured. Injured athletes may be required to be recertified depending upon extent of the injury.

Physicals for Participation in Athletics:

The health and well being of every student is our top priority.

The following procedures will help ensure that the school district is in compliance with P.I.A.A. regulations requiring that all athletes participating in interscholastic competition have a pre-participation physical examination:

1. The date and place of pre-participation physicals will be announced daily in the school starting four (4) weeks prior to physicals being administered.
2. Students must obtain the PIAA forms from the Athletic Office or website. **No other forms will be accepted.**
3. Only **ONE (1)** physical will be needed to participate in interscholastic sports during an academic year. However, students who are injured during a particular season will be required to be re-examined or certified that the student's condition is satisfactory before he/she may begin to practice in the next sports season or continue in the current season.
4. Completed physical forms are to be turned in to the head coach, athletic trainer or athletic office **ONLY**.
5. The trainer must approve all completed physical forms. The trainer will forward the names of all approved athletes to the head coach of that particular sport and athletic director.

6. Any athlete without the proper physical and completion of the pre-participation packet at the time of the first pre-season practice will not be permitted to practice or compete.

The ultimate responsibility for obtaining a physical exam and becoming eligible to participate in a sport will be up to the student.

G. Period of Participation

The period of participation is limited to students who have not:

- 1.) Been in attendance more than eight (8) semesters beyond the 8th grade; except in cases of long, confining illness or injury which necessitates repeating a grade. The District Committee may request the Board of Control, in which such authority rests, to waive the 8-semester limitation providing all other eligibility requirements are met;
- 2.) Played four (4) seasons beyond the 8th grade in any one (1) form of interscholastic athletics; or
- 3.) No person who has been enrolled as a part-time or full-time student in an institution of college standing and who has participated in an intercollegiate athletic contest shall be eligible for interscholastic athletics.

IX. CURRICULUM AND ACADEMIC ELIGIBILITY

WCHS and WCJS:

To be eligible for interscholastic athletic competition, a student must pursue a curriculum defined and approved by the Principal as a full-time curriculum. Where required, this curriculum or its equivalent must be approved by, and conform to, the regulations of the State Board of Education and the Pennsylvania School Code, as well as any local policies established by the local School Board. The student must be passing at least four full-credit subjects, or the equivalent. Eligibility is cumulative from the beginning of a grading period, must be reported on a weekly basis, and must be filed in the Principal's office. Where a student's cumulative work from the beginning of the grading period does not as of any Friday meet the standards provided for in this Section, the student is ineligible from the immediately following Sunday through the Saturday immediately following the next Friday as of which the student's cumulative work from the beginning of the grading period meets the standards provided for in this Section. Where a school is closed on a Friday for any reason, the Principal may, at the Principal's election, determine whether the student as of that day meets the standards provided for in this Section

In cases where a student's work in any preceding grading period does not meet the standards provided for in Section 2, said student is ineligible to participate in interscholastic athletics for at least fifteen (15) school days of the next grading period where the school has four (4) grading periods per school year, or for at least ten (10) school days of the next grading period where the school has six (6) grading periods per school year, beginning on the first day report cards are issued, except as provided in Section 5.

****At the end of the school year, the student's final credits in his/her subjects (rather than the fourth (4th) nine weeks) shall be used to determine his/her eligibility for the next grading period. ****

X. ABSENTEE RULE FOR ATHLETES

In order for student athletes to compete or practice on a given day, they must attend at least **one (1) class period** that day. **If student athletes are not in school at least one (1) class period, they shall not practice that day. If student athletes are not in school at least one half of a day by 11:30 a.m., they shall not compete in a contest that day.** It is the student athlete's responsibility to check in at the office if they arrive beyond normal starting time. Further information can be obtained by reading the student handbook regarding school district's attendance policies.

XI. DROP-OUT POLICY FOR ATHLETES

Student athletes who dismiss him/herself from a team are INELIGIBLE to rejoin the team during that particular school year. Any student who does not see his/her said season through to completion is ineligible to receive any benefits and/or honors from being a member of said team.

XII. DETENTIONS, SUSPENSIONS and EJECTIONS

Students may not practice or play while under an out-of-school suspension. Students who are under an in-school suspension may not participate in practice and/or a game. A student suspended for Friday, Monday, and Tuesday may not participate in weekend school-related activities, including practice. A student who completes his/her suspension on Friday regains eligibility for Saturday.

Students who are disqualified from a game, match, or contest are not eligible to participate in the next scheduled game, match, or contest at the level (i.e. varsity, junior varsity, junior high or middle school) in which the offender was ejected. Students who are ejected from a game, match, or contest during the last game of the season will be disqualified for the first regular season game, match, or contest in the same sport during the next school year.

XIII. HAZING POLICY

It is the goal of the Central Greene School District to provide a safe and positive environment for students and staff that is free from hazing. Hazing activities are inconsistent with the educational goals of the district.

Hazing is defined as any activity that recklessly or intentionally endangers the mental health, physical health, or safety of a student for the purpose of initiation or membership in, or affiliation with any school organization or athletic team. Endangering one's physical health includes, but is not limited to, any act of a physical nature, such as whipping, beating, and branding, forced calisthenics, exposure to the elements, forced consumption of any food, alcoholic beverage, drug, or controlled substance, or other forced physical activity that could adversely affect the physical health or safety of the individual. Endangering one's mental health includes any activity that would subject an individual to mental stress, such as prolonged sleep deprivation, forced or prolonged exclusion from social contact, forced conduct that could result in embarrassment, or any other forced activity which could adversely affect the mental well-being or dignity of an individual.

Any hazing activity, whether by an individual or a group, shall be presumed to be a forced activity, even if a student willingly participates.

The school's staff, administration, and coaches do not condone any form of initiation or harassment, known as hazing. Students who have been subjected to hazing are to promptly report the incident to the principal, athletic director, or coach. All complaints will be investigated and appropriate discipline will be enforced.

XIV. CANCELLATION OF PRACTICE AND COMPETITIONS/PERFORMANCES DUE TO INCLEMENT WEATHER

Based on a cancellation or early dismissal of school, as directed by the Superintendent of Schools, due to inclement weather, the following shall apply:

1. All rehearsals, practices, competitions, performances are cancelled unless administrative approval is given. Administrative consideration will be given to the need for the rehearsal/practice based on the immediacy of the competition/performance and the severity of the weather/road conditions.
2. All student activity coaches/sponsors may request permission to use school facilities on the day of cancellation. This must be done on a single day basis.
3. Students cannot be required to attend an approved activity/practice/rehearsal during a school closing. Participation must be voluntary.
4. All home activities involving spectators are cancelled.
5. **If an early dismissal occurs due to inclement weather, all activities are cancelled unless approval is given by the superintendent.**

XV. INSTRUCTIONS TO STUDENT ATHLETES

1. Athletes will not be permitted in any area of the building after school, except those areas designated by the coaches or athletic director.
2. Athletes should report immediately to the locker rooms after the dismissal bell in the afternoon and practices should be scheduled to begin at a definite time.
3. No practice arrangements – formal or informal – are permitted without the presence of supervisory coaching personnel.
4. Students are not to remain after school unless coaches are present.
5. Athletic shoes with spikes are not to be worn in the building.
6. Athletes are to leave their automobile in the designated student parking areas.
7. You may not practice without properly signed physical cards returned to your coach.

8. All student-athletes are responsible for items that have been issued to them by the coach/equipment manager. Any and all equipment that is destroyed, lost, or damaged, is the responsibility of the player. Restitution for such items must be made prior to the next sport season. Failure to make restitution will result in the holding of report card(s) and possibly diploma.
9. You are responsible for all of the enclosed guidelines.

XVI. ATHLETIC AWARDS

Letter Awards

Requirements for earning an athletic letter will be determined by the head coach. All students will be notified at the end of the season as to their lettering status.

These awards will be distributed to the coaches by the Athletic Director and then to the individual athletes.

Basic Rules that Apply to all Prospective Athletic Letter Award Candidates

1. All athletic programs within the school district must comply with all rules and regulations set forth by the Central Greene School District.
2. An athlete must display sportsmanship and conduct which exemplifies the school to his/her opponents, teammates, and officials.
3. An athlete must conform to all the training rules established by the coach for that given sport.
4. An athlete must have conformed to practices and game regulations, as established by the coach in that sport.
5. The athlete must have returned all the equipment issued to him/her to the satisfaction of the coach and/or athletic director. Restitution may be required.
6. In the event of injury or any other legitimate extenuating circumstances, letter awards will be made on the recommendation of the coach to the athletic director.
7. If the person has earned and has been awarded a letter and his/her conduct and behavior has been unbecoming, the award letter can be taken away by the coach and athletic director.
8. Each participant must satisfactorily complete the season, including individual and team post-season competition. If a student resigns from the team he/she may not receive a letter.

XVII. STUDENT INSURANCE

All student/athletes are required to complete one (1) of the following:

- 1.) Purchase the student insurance through the Central Greene School District, which insures him/her while participating in athletics.
- 2.) Provide the district with information which indicates that the parent or guardian has adequate personal insurance coverage for the student.

No student will be permitted to engage in practice or in any contest without being insured by one (1) of the above plans.

XVIII. CERTIFIED ATHLETIC TRAINER

The school district provides a full time certified athletic trainer. Guidelines for the use of training facilities are provided to students by the coach at the beginning of each season.

1. Concussion Rule: If a student athlete has a concussion or concussion like symptoms a trainer has the right and the authority to hold that student athlete out of the competition at that point. The student athlete must be cleared by a doctor to return to that and or the next competition. A trainer can not allow or clear a student athlete to play after the initial diagnosis of a concussion, or concussion like symptoms, that has to be left for a doctor only.

XIX. DRUG and ALCOHOL POLICY

Any student using or possessing alcohol or using, possessing, buying or selling illegal controlled substances at a Central Greene School District building, facility, or event, shall be subject to the following disciplinary action:

First Offense:

Any student/athlete found guilty of the school district drug and alcohol policy during his/her school or middle school tenure shall be subject to the rules and regulations regarding suspension or expulsion from school in addition to team disciplinary action/consequences.

XX. INJURY PROCEDURE

The athletic trainer will be responsible for the prevention, management and treatment of all athletic injuries. All injuries must be reported to the athletic trainer as soon as possible.

Any athlete who is taken to a physician as recommended by the athletic trainer or by the parent/guardian as a result of a possible injury, must provide a medical release to the athletic trainer in order to return to participation in his/her sport.

The coach or designee must notify the parents and/or guardians of any serious injuries. If necessary, the athlete will be taken to the hospital for necessary care.

All injuries that occur during a practice session or during a contest must be reported to the Athletic Director in a timely manner. The athletic trainer, not a coach, will determine whether an injured player is capable of practicing and/or playing.

First Aid Kits

The athletic trainer's office will supply all first aid boxes and the necessary supplies. Supplies will be handled on a seasonal and as-needed basis. It is the coach's responsibility to secure the proper supplies. Medical kits must be returned to the athletic trainer at the conclusion of the current sport season.

Coaches should keep a list of all student emergency contact information with them at all times.

XXI. Newspaper Publications/Photographs

Central Greene School District is not held liable for images or publications posted by journalism outlets covering athletic contests. Students who have requested for their image to not be taken by the district may be photographed and displayed publicly by these outlets.

XXIII. Title IX- Please refer to information found on cgisd.org

Eligibility

Each student-athlete is required adhere to the requirement of Articles I through X of the PIAA Bylaws to maintain Amateur Status and therefore, the student-athlete and parent/guardian need to review all eligibility requirements set forth in the PIAA Constitution and Bylaws.

Amateur Status and Awards

Section 1. Amateur Status Required.

To be eligible to participate in an Inter-School Practice, Scrimmage, and/or Contest, a student must be an amateur in the sport involved. An amateur student is one who engages in athletic competition solely for the educational, physical, mental, social, and pleasure benefits derived thereof and does not receive monetary or similar or equivalent compensation or remuneration for such participation. Where the official rules for a sport provided for under ARTICLE XVIII of these Bylaws establish requirements for amateur status, such requirements shall govern to the extent inconsistent with this ARTICLE II.

Section 3: J: Name, Image, and Likeness: Adopted December 2022

Students may receive Consideration for the use of their own name, image, and likeness (NIL). Such permissible activities include commercial endorsements, promotional activities, social media presence, product or service advertisements, and unique digital items/assets. NIL contracts/agreements need to come from analysis of the value an athlete brings for providing a specific service/activity, not as an incentive for enrollment decisions or membership on a team. **Within 72 hours after entering into any type of NIL contracts/agreements, a student, or the student's parents/guardians must notify the Principal or Athletic Director of the student's school of entering into that agreement.**

No school or anyone employed by or affiliated with a member school, including booster clubs, coaches, collectives, administrators, and alumni, may solicit, arrange, negotiate or pay for a student's, other than their own child, use of their NIL and/or the provision of Consideration to a student for the use of their NIL.

In engaging in NIL activities, students may not make any reference to PIAA or a PIAA member school (including the school and/or team name, nicknames, terms by which a school or team is commonly referred or identified, logo) and may not wear school uniforms or school-identifying apparel or items). Students may not endorse or promote any third-party entities, goods, or services during team/school activities. Students may not wear the apparel or display the logo, insignia, or identifying mark of an NIL partner during any team/school athletic activities unless it is part of the standard school uniform for that sport.

Students may not engage in any NIL activities involving, displaying or endorsing the following categories of products and services: (1) Adult entertainment products and services; (2) Alcohol products; (3) Casinos and gambling, including sports betting, the lottery, and betting in connection with video games, on-line games and mobile devices; (4) Tobacco and electronic smoking products and devices; (5) Opioids and prescription pharmaceuticals; (6) Controlled dangerous substances; (7) Weapons, firearms and ammunition.
