5. Analysis of Enforcement

The district analyzed cell phone policy violation rates by demographic subgroup and compared them to the corresponding comparison populations using statistical testing. No statistically significant disparities were identified based on race/ethnicity, economic status, or disability.

6. Summary

Requirements set forth in Policy 5695 – Cell Phone Policy were successfully implemented in accordance with NYS law during the 2025-2026 school year. The policy remains publicly available on our website at www.dansvilleschools.org. An explanation of our progressive disciplinary response is outlined in our Code of Conduct.

During the 2026-27 school year, building administrators will review the cell phone policy and implementation procedures with faculty, staff, and students. Discipline data will be monitored periodically throughout the year to assess the effectiveness of these efforts.
