I. PURPOSE

The purpose of this policy is to focus public education strategies on a process which promotes higher academic achievement for all students and ensures community participation in decisions regarding the implementation of applicable state graduation and academic standards.

II. GENERAL STATEMENT OF POLICY

The school district will establish a system to review and improve instruction, curriculum and assessment which will include input by students, parents or guardians and local community members. The school district will be accountable to the public and the state through annual reporting.

III. DEFINITIONS

- A. "Course credit" is equivalent to a student's successful completion of an academic year of study or a student's mastery of the applicable subject matter as determined by the school district.
- B. "Comprehensive achievement and civic readiness" means striving to meet school readiness goals; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school; and prepare students to be lifelong learners.

IV. ESTABLISHMENT OF GOALS AND IMPLEMENTATION

A. School District Goals

The School District's graduation and academic standards will incorporate the comprehensive achievement and civi readiness requirements and other applicable state standards.

B. Site Teams and Advisory Committee

The School District will establish site teams to develop and implement strategies in education effectiveness to improve instruction, curriculum, cultural competencies, including cultural awareness and cross-cultural communications, and student achievement at the school sites. The makeup and activities of the school site teams shall be consistent with statutory requirements. The site teams will provide input, as appropriate, to advisory committee(s) into the annual budget and any instruction and curriculum improvement plan(s).

C. Reporting

The School Board shall publish a school performance report consistent with state law in the local newspaper with the largest circulation in the district, by mail, or by electronic means on the district website. The School District shall also hold an annual public meeting to review, and revise where appropriate, student achievement goals and other efforts and plans leading to comprehensive achievement and civic readiness. The School District will transmit an electronic copy of its report to the Minnesota Department of Education in the form and manner required by the Department.

The school district must annually report the district's class size ratios by each grade to the Commissioner of education in the form and manner specified by the Commissioner.

The school district must report whether programs funded with compensatory revenue are consistent with best practices demonstrated to improve student achievement.
