AFTERSCHOOL DRAWING CLUBS IN WCASD

Get ready for a creative adventure with Young Rembrandts this fall! From colorful animals and delicious-looking pizzas to monster trucks, cartoons, sports scenes, and festive holiday art, students will explore exciting subjects while learning drawing techniques like shading, color, perspective, and character design. Our step-by-step lessons help build creativity, confidence, fine motor skills, and critical thinking- all in a fun, screen-free environment. No experience is needed, and classes are open to all skill levels, Kindergarten and up. At the end of club students are either picked up by family by the school's office or transferred to aftercare.
