Dr. Judith Campbell
Superintendent

Dear District 211 Students, Staff, Parents and Guardians:

In a continued effort to keep our campus safe and maintain a secure and productive learning environment, we wanted to share with you our updated practice regarding parking in the school parking lots.

As part of this effort, which follows concerns from parents, students, staff and administration, vehicles in violation of posted signs or parking permit regulations will be issued violation notices.

Following two notices and on the third offense, the unauthorized vehicle is subject to relocation towing at the owner's expense. District 211 has an agreement with Redmon's Towing Services should removal of a vehicle be necessary. Violators may also be subject to consequences that include but are not limited to school discipline, trespass orders, the removal of current parking permits, ineligibility for future parking permits, or removal of school social privileges.

Violations include parking in a lot or spaces without the proper displayed permit; parking in a fire or bus lane; students parking in staff parking; and parking in visitor parking but not signing in with the school.

We have a parking system for students and staff, and all must respect posted signage and permit procedures. Our efforts to enforce parking restrictions on our campus is a very important aspect of maintaining security on our campuses. These practices improve the safety of our parking lots and the whole school campus. All District 211 schools are part of this effort.

We respectfully request your cooperation and understanding.

Thank you,

Matt Hildebrand
Director of Safety and Security
Township High School District 211
(847) 755-6626
