August 26, 2026

Dear Wall Township Public Schools Parents & Guardians,

As summer winds down and the excitement of a new school year builds, I hope your family has enjoyed some well-deserved rest and time together. Our faculty and staff have spent the final weeks of summer getting ready to welcome your children back with energy and purpose. We are excited for the year ahead.

At Wall Township Public Schools, we value strong partnerships with our families. I encourage you to get involved in your school's PTO or Booster Clubs and to explore district-wide opportunities like the Crimson Knight Foundation and the Special Education Parents Advisory Group (SEPAG). We also hold numerous academic nights for families throughout the school year that all are welcome to attend. These organizations and activities play a vital role in enhancing the student experience and supporting our educators. More information on how to participate may be found [here](#).

As we welcome our students back, we remain committed to keeping our schools focused on deep learning and meaningful social engagement. To that end, our expectations for personal internet-enabled devices, including cell phones and smartwatches, apply consistently at every grade level, with specific procedures outlined in your school principal's welcome letter. The most significant change this year affects Wall High School only: in alignment with New Jersey's "bell-to-bell" law, high school students may no longer use personal devices at any point during the school day, including passing periods and lunch, joining our elementary and intermediate students under the same standard. Keeping our hallways and classrooms free of digital distractions gives students the space to connect face-to-face and stay focused on their learning. We're grateful for your partnership in reinforcing these expectations at home, and we thank you for helping your child understand and follow them each day.

On the first day of school, all buildings will operate on a full-day schedule. You can view your child's schedule and transportation details by logging into the Genesis Portal. Bus information through the Genesis Portal will become available on Friday, August 28th, after 4:00 PM. As the school year unfolds, we encourage you to visit our District's website at www.wallpublicschools.org for the latest news and announcements. Our *Facebook* and *Instagram* pages will continue to highlight the exciting activities happening across our schools while also sharing important updates.

For information specific to your child's school, please visit the school's individual website or refer to our [Smore Newsletters](#). Important information and forms requiring your attention are available [here](#), and all required forms are available via the parent portal.

On behalf of our entire administration, faculty, and staff, I wish every Wall Township student a safe, successful, and joyful school year. We are proud to partner with you in supporting your child's growth, and we look forward to all that we will accomplish together: One Vision. All Students. Wall Together.

Warm regards,

Dr. David Bleakley
