

Dear Global Intermediate Academy Families,

At Global Intermediate Academy, we are committed to creating a safe, focused, and positive learning environment where all students can learn and be successful. To support this goal, our school has established the following cell phone and personal electronic device policy. Students are not allowed to have or use cell phones or personal electronic devices during the school day. This includes, but is not limited to:

- Cell phones
- AirPods and earbuds
- Personal tablets
- Smartwatches
- Personal gaming devices
- Other personal electronic devices

The only exception is a district-provided Chromebook.

Students who bring a cell phone to school must keep it turned off and stored in their backpack for the entire school day. Cell phones should not be visible or accessible during class, passing periods, lunch, or other school activities.

If a student is found with a cell phone during the school day:

1st Confiscation:

The cell phone will be taken by a staff member and turned into the school office. The phone will be kept in the office until the end of the school day, at which time the student may retrieve it.

2nd Confiscation:

The cell phone will be taken by a staff member and turned into the school office. A parent/guardian will be required to come to the school to pick up the cell phone.

We understand that many students have personal electronic devices for communication and use outside of school. We ask families to support this policy by reminding students to keep personal electronic devices turned off and stored in their backpacks throughout the school day.

If you need to contact your student during the school day, please contact the school office, and we will assist you.

Thank you for partnering with Global Intermediate Academy to help our students stay focused, responsible, respectful, and ready to learn.

Sincerely,
Global Intermediate Academy Staff
