

SD25 Education Foundation Presents

Through the Eyes of Our Learners

THE WORLD I IMAGINE

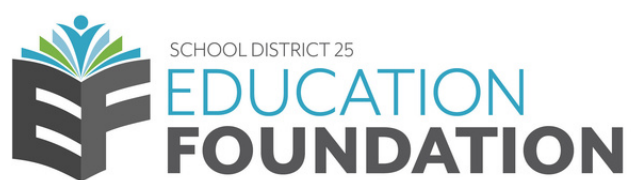

Fine Arts Competition

Step into The World I Imagine and experience bold ideas, big dreams, and unexpected possibilities through the creativity of PCSD 25 learners.

See the future, the fantastic, the hopeful, and the wholly original—

Through the Eyes of Our Learners.

- We encourage learners in grades K–12 to bring ***The World I Imagine*** to life through art and creative expression. Create a drawing or painting, poem, photography or photo story, pottery or 3-D work, musical composition, performance or vocal recording, multimedia piece, or another creative endeavor that shows us a world only you can imagine.
- Learners should submit their artwork with an entry form to the front office of their home school by February 25, 2027. Teachers may also submit entries on behalf of their learners directly to Courtney Fisher or Shawna Sprague.
- Entries will be showcased for the community during the Historic Downtown Pocatello First Friday Art Walk on May 7, 2027, where award winners will be announced.
- Winning entries will continue their journey in the community through additional exhibitions following the Art Walk. Locations and details will be announced.
