OKLAHOMA CITY PUBLIC SCHOOLS

School Activity Fund

APPROVED EXPENDITURES

The Student Activity Fund Policy and Procedure manual has never intended/attempted to list every permissible or non-permissible expense. There will always be something not listed one way or another as new expenses questions come up from year to year. The Principal as the Student Activity Fund Custodian should determine if the requested use is an appropriate use of student funds.

If an audit were to raise a question about an expense, the Principal will need to be able to justify the use of funds and the positive impact on the students of their respective school. As a general rule, funds raised by students should not be used for “Teacher/Coach” expense only. Students should be the direct recipient of funds raised by students.
