PART II – EMPLOYMENT GUIDELINES & EXPECTATIONS

ACCIDENT/INCIDENT REPORTS

All accidents/incidents occurring on District property, school buses or during the course of school-sponsored activities, including field trips and other away events, are to be reported to the building principal or supervisor immediately. This may be done verbally, through electronic means or through another staff member if the individual involved is not able to. When an employee injury occurs and the supervisor is on-site, the supervisor will initiate a call to Acuity Medcor at (800) 775-5866 on behalf of the injured employee. If the supervisor is not available, the injured employee should contact Medcor triage service directly.

A written report must be submitted to the Payroll/Benefits Office within 24 hours and should cover property damage as well as personal injury. These forms are available in each school office and on the District's website.

In the event an employee has suffered an injury or illness in the course and scope of employment that limits their from returning to work at full-duty status, the District may offer temporary light duty assignments during the healing period, consistent with the restrictions prescribed by the medical provider.

In such circumstances, it is the employees' responsibility to keep the District informed as to the status of the restrictions and any changes to them. The District will assign employee tasks consistent with medical provider restrictions, but it is the employee's responsibility to notify their supervisor if the tasks assigned cause their further pain, discomfort, or injury.

Moreover, the restrictions prescribed by the medical provider are not limited to the workplace. The District expects employees to follow all such restrictions during the period of convalescence and healing, whether at work or away from work. If the District learns that the employee has engaged in conduct at or away from the workplace that conflicts with the prescribed restrictions, such information will be reported to the District's Workers' Compensation carrier, if appropriate.

ATTENDANCE

Regular and reliable attendance is an essential function of every position. The District expects employees to make every effort to be present for work and adhere to their assigned schedule. In order for the activities to operate effectively, coaches, advisors, and summer school staff are expected to perform all assigned duties and to work all scheduled hours during each designated workday.

COMMUNICATION

As representatives of the District, employees are expected to exercise professionalism in their communications at all times and represent the District in a positive manner. Employees should also make every effort to inform the Superintendent's office of events and opportunities within their program that represent the District well to the community. Employees are expected to cooperate in providing information for communications programs.

CONCEALED CARRY

Nothing in this policy prohibits an employee with a properly issued permit to carry a concealed weapon from exercising their rights consistent with Wisconsin's concealed carry law and the State and Federal gun free school zones laws. However, a staff member who is the holder of a concealed carry permit license issued or recognized by the State of Wisconsin may not, by virtue of Wis. Stat. 948.605(2)(b)1r, possess a concealed weapon anywhere in or on school grounds, including parking areas.

Any employee or other person who possesses or conceals a weapon in violation of this policy will be subject to disciplinary action up to and including termination. The School District of Marshfield will contact law enforcement officials should employees violate this policy.

If employees have questions regarding this policy, or the rights they retain as provided to them by Wisconsin Statute § 175.60, please contact Human Resources.

CONFIDENTIALITY

Section 118.125 and 118.26 of the Wisconsin Statutes outline the confidentiality of all student records including behavioral, health and academic records. The administrative office interprets these statutes to mean that unless an individual has an educational need to know the academic, health, and behavioral records of students are not to be shared. This can be carried forward to both the written record and verbal conveyance of student health, academic, and behavior progress (or lack thereof). Open discussion of student progress, behavior, or health issues with individuals that do not have an educational need to know could be contrary to Wisconsin Statutes and could compromise professional accountability and could result in disciplinary action up to and including termination. These statutes are not intended to restrict staff from asking for assistance or ideas on how to handle a particular situation.

CONFLICT OF INTEREST

A conflict of interest is defined as any judgment, action or relationship that may benefit an employee or another party the employee is affiliated with because of the employee's position with the District. Employees are asked to avoid outside activity that may compete or be in conflict with the best interests of the District. Employees must disclose to their immediate supervisor information of any transaction that may be considered a conflict of interest as soon as they know the facts. No employee may use their position to obtain financial gain or anything of substantial value for their private benefit or for their immediate family, or for an organization with which s/he is associated.

No employee may negotiate or bid for, or enter into a contract in which the employee has a private pecuniary interest, direct or indirect, if at the same time the employee is authorized or required by law to participate in the employee's capacity as an employee in the making of that contract or to perform in regard to that contract some official function requiring the exercise of discretion on the employee's part. No employee may, in the employee's capacity as an employee, participate in the making of a contract in which the employee has a private pecuniary interest, direct or indirect, or performs in regard to that contract some function requiring the exercise of discretion on the employee's part.

CRIMINAL BACKGROUND CHECK

The District retains the right to run criminal background checks at any time. All District employees shall notify their immediate supervisor or administrator as soon as possible, but no more than three calendar days after any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of the employee for any felony or any offense involving moral turpitude, and any of the other offenses as indicated below:

- B. Crimes involving attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit that would entitle any person to hold or obtain a position as an educator;

- D. A misdemeanor which involves moral turpitude [e.g. an act or behavior that gravely violates moral sentiments or accepted moral standards of the community]; or
- E. A misdemeanor which violates the public trust.

The requirement to report a conviction or deferred adjudication shall not apply to minor traffic offenses, however, an offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension must be reported if the employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff in any vehicle. Failure to report under this section may result in disciplinary action, up to and including termination. Such report shall be made as soon as possible, but in no circumstance more than three calendar days after the event giving rise to the duty to report.

The District may conduct criminal history and background checks on its employees. An arrest, indictment or conviction of a crime shall not be an automatic basis for termination. The District shall consider the following factors in determining what action, if any, should be taken against an employee who is convicted of a crime during employment with the District:

- A. The nature of the offense;
- B. The date of the offense;
- C. The relationship between the offense and the position to which the employee is assigned.

Nothing herein shall prohibit the District from placing an employee on administrative leave based upon an arrest, indictment or conviction.

DISTRICT PROPERTY

The District may supply an employee with equipment or supplies to assist the employee in performing their assignment. All employees are expected to show reasonable care for any equipment issued and to take precautions for theft. Employees cannot use District property or equipment for personal use or gain. Downloading district electronic/digital records for personal use is prohibited.

Any technology, equipment, supplies, badges, keys, or other property issued by the District for employee use must be returned to the District on the last day of the assignment.

DRESS CODE

District employees serve as role models for students and contribute to the culture, climate and reputation of the District. The expectation is to present a professional, business-like appearance and to dress in business casual attire, unless the nature of their work or schedule for the day requires otherwise. Attire and appearance should not disrupt the educational process or present risks to themselves or others. Depending upon the nature of the employee's position/work, the immediate supervisor will determine if exceptions are allowable. Reasonable accommodations will be made when necessary or required.

DRUG, ALCOHOL, AND TOBACCO FREE WORKPLACE

In accordance with the federal Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988, the School District of Marshfield is a Drug-Free School Zone. The District believes that students and employees have the right to attend school and activities and work in an environment that is free from the use of alcohol, tobacco, and non-medical use of drugs and mood-altering substances. These substances interfere with the learning environment of students and the performance of students and employees.

Drug use on District premises or performing duties while under the influence of drugs and/or alcohol will result in disciplinary action up to and including termination from all employment within the District. Employees suspected of being under the influence will be subject to a drug test.

EMERGENCIES AND SCHOOL CLOSINGS

Should inclement weather or other emergency situation(s) require the District to cancel after school activities or summer school, automated notifications will be made to employees as soon as possible using the District's emergency notification system. School closures will also be communicated on the district website, and with local television and radio stations as soon as possible.

In the event that activities are cancelled by order of the Superintendent or binding legal authority, staff should not report to work.

In the event of an emergency that may endanger the health or welfare of students, staff, or parents, or damage district facilities, employees are advised to call 911. For emergencies that do not rise to that level, the employee is advised to contact the building administrator or their immediate supervisor.

All employees will be notified of the District's Emergency Procedure Guide and are responsible for understanding and implementing the provisions of the plan or as directed by administration and/or emergency personnel.
