BROOKSTONE COMMUNITY & ACADEMIC OVERVIEW

PREFECT SYSTEM

Brookstone Schools' primary leadership program. The Head Prefects are outstanding seniors who are nominated or self-nominated and then selected by a faculty review board for their high character and exceptional integrity, leadership within and outside of the classroom, and commitment to the mission and core values of the school.

LINK CREW

Link Crew is a yearlong freshman program where selected members of the junior and senior classes act as positive role models to allow freshmen to discover what it takes to be successful both academically and socially. Link Crew Leaders begin their term of service by training for and leading Freshman Orientation before the start of school, then attending the three-day Freshman Retreat whereby they act as counselors and mentors to their assigned freshman homerooms. Link Crew Leaders continue their work by meeting monthly with the freshmen and overseeing their social and emotional needs through team building exercises.

CORE MENTORING

Brookstone's CORE Mentoring Program is designed to empower senior students to serve as peer leaders in our small group mentoring initiative. CORE, an acronym for Community, Ownership, Responsibility, and Empowerment, aims to cultivate a culture that reflects and reinforces Brookstone's foundational values: wisdom, honor, courage, loyalty, leadership, service, and respect. Through intentional relationships and meaningful leadership opportunities, the CORE program seeks to strengthen our community and inspire students to live out these values in daily life.

GRADUATION REQUIREMENTS & GPA EQUIVALENCY

The minimum program of study leading to graduation includes 22.5 credits. Seniors are required to participate in and complete all requirements for the Deliberate Life Program, which includes research, shadowing, and a presentation.
