Standards Based Assessments and Reporting

What it Looks Like in the 3rd Grade Classroom

4

Exceeds the Standard (*Advanced*)

Your child independently applies 3rd-grade skills to solve complex problems. They show a deeper level of understanding and can apply the concept in new or creative ways.

3 🎯

Meets the Standard (*Proficient*)

This is our year-end goal! Your child consistently, accurately, and independently does exactly what is expected of a 3rd grader for this specific skill.

2

Approaching Standard (*Developing*)

Your child understands the basic concepts but is still working toward full mastery. They make occasional errors or need teacher reminders and cues to finish the work.

1

Beginning Standard (*Emerging*)

Your child is just starting to learn the skill. They require direct, one-on-one teacher support and guided instruction to complete the task.

Your child's homework is to:

- Read 60 - 80 minutes per week in English and/or Spanish (your child may read independently, to and/or with you, or listen to audibles)
- Weekly Spanish take home book
- Practice instant recall of multiplication facts: 1s-12s. He/she can also practice 2-3 digits addition, subtraction, and division facts.
 - Study daily!
 - Flash Cards are great!
 - Five minutes every day!

Look for more information about homework in September.

(Español)

La tarea de su hijo es:

- El libro semanal para leer en casa, en español
- Practicar las tablas de multiplicación: 1-12. También puede practicar sumas, restas y divisiones.
 - ¡Estudia a diario!
 - ¡Las tarjetas flash son geniales!
 - ¡Cinco minutos todos los días!

Busque más información sobre las tareas en septiembre.

Positive Reinforcement

Honesty, always

“Do the right thing, because it’s the right thing to do.”

Self motivation, class rewards, individual rewards, verbal praise, experiences, school-wide tickets, and so much more.

I have a **GROWTH**
MINDSET.

I am in charge of how smart I am because

I can **GROW** my **BRAIN**
like a muscle by learning hard things.

I can achieve
ANYTHING

with **EFFORT** and
RIGHT STRATEGIES.

And when I fail or make a mistake,
it is a **GREAT** thing, because

I can **LEARN** from them and
I GET BETTER!

3rd Grade DLI Supply List/ Lista de útiles escolares 2026-27

Donations are greatly appreciated, but not required. We will make sure that every student has all of the supplies that he/she needs. Please do not send anything fancy or special as we will be sharing most supplies. However, students may keep a small pencil case with their own supplies if they do prefer and it's not a distraction. Our newsletter will sometimes have a section for class donations. Thank you!

Adjunto encontrará una lista de útiles escolares. Si usted puede hacerlo y está DISPUESTO a brindarle a su hijo, se lo agradecemos, pero no es obligatorio. Si está en sus posibilidades proporcionar útiles escolares adicionales, sería muy apreciado. Nos aseguraremos de que cada estudiante tenga todos los útiles que necesita. No envíe nada elegante o especial, ya que compartiremos todos los útiles escolares.

Enrichment

A Note about PACE Tier II/Targeted Small Groups for Parents:

2026/2027 School Year

PACE Tier II is a PCSD program for 2nd-5th grade students. It's hosted in 6 week cycles and is populated with students using a test-in model. There will be one test based on standards and all students in the whole grade will receive it. If students are found to excel in the standard (top 10-15% in their grade), they'll have an opportunity to attend an ELA or Math enrichment class in the PACE room. Each class is 30 minutes and meets once a week.

When the 6 week period is over, all students will receive another pretest to help determine who will attend the next cycle. The homeroom teachers and PACE teacher will continue to look at class assignments and other test scores to ensure proper placement.

Any homework given by the PACE teacher is a growth opportunity that is optional.

If you have further questions, please reach out to the PACE teacher at Parley's kmccombs@pcschoools.us

Thank you!
