Updating Skyward login link in App

Over the summer, the link for Skyward was updated, and accounts added to the app prior to summer 2026 can no longer connect. The solution is to remove the account from Skyward and re-add it.

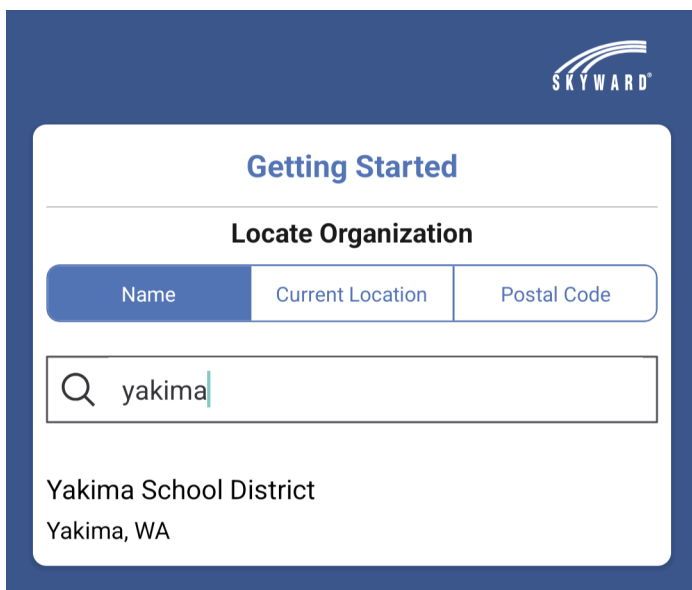

Start from the accounts list screen. You may need to tap the back arrow in the top left corner of the screen to get back to it if you have an account open.

Tap on the "Edit" link

Tap the "Delete" button to remove the account. This will only remove the account from your device. No data will be lost.

Click the "Add Another Account" button and search for Yakima School District. Enter your login information to finish re-adding the account to your mobile device.
