CERTIFICATED PERSONNEL - ASSIGNMENT

The School Board recognizes strategic assignments are essential to supporting students' success and maintaining a healthy, consistent school environment. While assignments must comply with applicable laws and credentialing requirements, the strengths, experiences, and well-being of district staff are important considerations. Since both students and staff benefit from stability, continuity, and positive relationships, assignment decisions should also consider the impact on school climate by minimizing unnecessary disruptions and promoting consistency in student-teacher relationships.

The Superintendent or designee may assign certificated personnel to any position for which their preparation, certification, experience, and aptitude qualify them. Teachers may be assigned to any school within the district. Teachers shall not be assigned outside the scope of their teaching certificates or their fields of study except as allowed by law.

The assignment of certificated personnel shall comply with applicable collective bargaining agreements.
