Krum ISD Chromebook Guide 2026-2027

Krum ISD's purpose is to give families peace of mind when their child is at school. This is where the Chromebook guide comes into play. We look forward each day to see bright smiles and an eagerness to learn.

Receiving your Chromebook

- New students coming into Krum ISD will be issued a chromebook when you come and get your schedule. This normally happens a few days before the first day of school.
- Parents and students must sign the Chromebook agreement and Acceptable Agreement forms.
- Returning students will also need to sign a new agreement and purchase the insurance unless you had insurance prior and have not used it.
- All fines/holds must be cleared before Chromebook is issued/reissued.
- Failure to do any of these things will result in not getting your Chromebook issued/reissued.

Returning Your Chromebook

- Students leaving the district must turn in their chromebook and any accessories that are in your possession.
- Seniors who want to purchase their chromebook will do so during Senior Week. The price for that is $25.
- Anyone who does not return their chromebook after leaving the district could be considered as stolen property. Law enforcement can be notified.

Care of your Chromebook

The students are responsible for the care of their chromebook. When a chromebook has a screen broken, not charging, or keyboards coming off. The student needs to bring it to the Chromebook room immediately. A loaner will only be issued for **school use only.** The loaner will be checked out to the student before 1st period and brought back after 8th period every day that you have a loaner. The loaner must be given back to the Chromebook liaison when their device has been repaired.

- *No food or drink allowed next to your chromebook*
- *Do not have your charger plugged into your chromebook while it is in transport*

- *Do not carry your chromebook with the screen open.*
- *Students should not doodle on their chromebook unless they buy a cover.*
- *Walking around with your chromebook open only leads to possible breakage.*

Screen Care

- *A screen can be broken at the softest of touches.*
- *Do not lean or put any type of pressure on your screen*
- *Never walk with your screen open*
- *Do not put anything heavy on your chromebook*
- *Be careful when tracing items on your screen. Too much pressure and it will break.*
- ***DO NOT PUT ANYTHING ON THE KEYBOARD AND THEN CLOSE THE LID. IT WILL RESULT IN A BROKEN SCREEN (e.g., pens, pencils, headphones and fingers).***

Asset tags:

- Every chromebook that comes through our doors will have a district label. This contains a barcode that is used in inventory.
- Do not take it off or anything else on the chromebook. This could potentially have your chromebook taken from you.
- There will be a charge of $5 when the asset tag has been removed from the chromebook.

Storing your Chromebook:

- Students are responsible for the safekeeping of their chromebook as soon as it is given to them. Students should know where their chromebook is at all times. Administrators know that there will be times when your chromebook comes up missing. When that occurs notify your teacher and the Chromebook liaison at your campus.
- Never leave your chromebook somewhere it could get broken easily.
- Nothing heavy should never be on the top of your chromebook. The computer could break.
- Never leave your chromebook in the bed of a truck or in a hot car. You never know if it will rain or get above 100 degrees.

Charging your Chromebook:

- Chromebooks must come to school completely charged every day. When the chromebook is charged at home there is no need for you to bring the charger to school to potentially be stolen.
- Teachers will not hand out their chargers at any time. This is your responsibility to bring it charged.
- A student who comes to class without their chromebook being charged every single day. The teacher has the right to subject that student with some sort of disciplinary action.
- A loaner chromebook will not be loaned out because said student did not charge their device at home.

Chromebook Repair Costs:

- Students are asked to buy insurance on their device as soon as they get the Chromebook for the very first time.
- Students will be charged based on the damage that is listed on the **Chromebook Acceptable Use Policy.**
- The chromebook liaison will look at the device and see if the damage warrants being taken to get fixed. They could have a loaner chromebook given if it is deemed necessary.
    - Krum ISD reserves the right to charge for the entire replacement cost if negligence is determined when handling the device.
    - A student who believes his device was stolen will need to bring the liaison a police report.

Insurance:

- Annual fee of $25. This covers your chromebook yearly. If for some reason that you do not use your insurance that year. It will roll over to the next year.
- This insurance will need to be paid every year when you have used it. It will need to be paid by August 30th of each year you have the Chromebook.
- Free and Reduced may be able to have certain items reduced.
- For some reason that you do not purchase the insurance, you can buy a case for the Chromebook. I have listed 2 websites.

In this agreement, the "District" means the Krum Independent School District. "I", "me", and "my" means the parent/guardian and student enrolled in Krum ISD. The device is owned by Krum Independent School District with the following serial/asset tag number(s):

Device Description: (Include bar code if applicable.)

Terms: I understand the District is allowing me to use the device for educational purposes. I agree to comply with the District's Student Code of Conduct and the Student Handbook, the Responsible Use Policy (collectively, the "Device Policies") in my use of the device at all times. If I fail to comply with these terms, the District may take immediate possession of the device and I will lose any right to use or possess the device. I understand I may be disciplined for inappropriate or unauthorized use of the device, consistent with the Student Code of Conduct. If my use of the device violates criminal or civil laws, I may face legal consequences with the juvenile justice system, law enforcement, or court.

Title: The District maintains legal title and ownership of the device at all times. I understand my use and possession of the device is limited to and conditioned upon my full and complete compliance with this Agreement and the Device Policies.

Repossession: If I do not timely return the device and comply with all terms of this Agreement and the Device Policies, the District may take immediate possession of the device and take legal action against me.

Loss or Damage: If the device is damaged, lost, or stolen, I will pay the reasonable cost of repair or its fair market value on the date of loss. Loss or theft of the device must be reported to the District by the next day after the occurrence. Seniors must clear all records and pay all fees before participating in graduation ceremonies. **Insurance is highly suggested to buy at $25 annually. Otherwise some damages will come out of your pocket**

I have reviewed the Device Use Agreement Form and Responsible Use Policy.
