

TRANSITION PLANNING ALTERNATE PATHWAYS TO A DIPLOMA

This session is designed for educators who want to deepen their understanding of transition planning under new legal requirements and develop IEPs that support students' journeys from school to adult life.

Participants will leave with practical tools and strategies to:

- Effectively complete ITP Pages 1 and 2, ensuring compliance and meaningful planning
- Develop measurable postsecondary goals and coordinated transition services aligned with student strengths, preferences, and interests
- Integrate academic, vocational, and community-based experiences into the IEP
- Monitor and adjust transition plans to support student growth, independence, and post-school success
- Understand and implement the Alternative Pathway to a District Diploma and align it with each student's course of study
