School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

To develop leaders who are equipped and prepared to be their best.

Provide the school's vision statement

To develop leaders for jobs and careers not yet imagined

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Robert Florio

florior@pcsb.org

Position Title

Principal

Job Duties and Responsibilities

No Answer Entered

Leadership Team Member #2

Employee's Name

Janeen Watkins

watkinsja@pcsb.org

Position Title

Assistant Principal

Job Duties and Responsibilities

No Answer Entered

Leadership Team Member #3**Employee's Name**

Mason Woodside

woodsidem@pcsb.org

Position Title

Assistant Principa

Job Duties and Responsibilities

No Answer Entered

Leadership Team Member #4**Employee's Name**

Jennifer Chenier

chenierje@pcsb.org

Position Title

Assistant Principal

Job Duties and Responsibilities

No Answer Entered

Leadership Team Member #5**Employee's Name**

Donquan Ware

wared@pcsb.org

Position Title

Assistant Principal

Job Duties and Responsibilities

No Answer Entered

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. §

6314(b)(2), ESEA Section 1114(b)(2).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

CHS utilizes input from multiple stakeholders including the SBLT, teachers, students, and parents to develop the school improvement plan. Data is shared regularly, stakeholder feedback is analyzed, and through several collaborative summer planning sessions, the CHS SIP is developed.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be monitored for effective implementation and impact through various measured data points. We will utilize quarterly district assessment results (Cycle), State progress monitoring (PM1 & PM2), as well as teacher walkthrough data to identify and address learning and achievement gaps. Utilizing quarterly data chats in core tested areas and through family parent engagement events, CHS will work to ensure data is not only monitored but ensured all stakeholders are informed and a part of the implementation.

C. Demographic Data

2026-27 STATUS (PER MSID FILE)	ACTIVE
SCHOOL TYPE AND GRADES SERVED (PER MSID FILE)	SENIOR HIGH 9-12
PRIMARY SERVICE TYPE (PER MSID FILE)	K-12 GENERAL EDUCATION
2025-26 TITLE I SCHOOL STATUS	
2025-26 ECONOMICALLY DISADVANTAGED (FRL) RATE	83.6%
CHARTER SCHOOL	NO
RAISE SCHOOL	NO
2025-26 ESSA IDENTIFICATION *UPDATED AS OF 07/09/2026	N/A
ELIGIBLE FOR UNIFIED SCHOOL IMPROVEMENT GRANT (UNISIG)	
2025-26 ESSA SUBGROUPS REPRESENTED (SUBGROUPS WITH 10 OR MORE STUDENTS) (SUBGROUPS BELOW THE FEDERAL THRESHOLD ARE IDENTIFIED WITH AN ASTERISK)	STUDENTS WITH DISABILITIES (SWD) ENGLISH LANGUAGE LEARNERS (ELL) ASIAN STUDENTS (ASN) BLACK/AFRICAN AMERICAN STUDENTS (BLK) HISPANIC STUDENTS (HSP) MULTIRACIAL STUDENTS (MUL) WHITE STUDENTS (WHT) ECONOMICALLY DISADVANTAGED STUDENTS (FRL)
SCHOOL GRADES HISTORY <i>*2022-23 SCHOOL GRADES WILL SERVE AS AN INFORMATIONAL BASELINE.</i>	2025-26: A 2024-25: A 2023-24: B 2022-23: C 2021-22: C

D. Early Warning Systems

1. Grades K-8

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

2. Grades 9-12 (optional)

Current Year (2026-27)

Using 2025-26 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

INDICATOR	GRADE LEVEL				TOTAL
	9	10	11	12	
School Enrollment					0
Absent 10% or more school days					0
One or more suspensions					0
Course failure in English Language Arts (ELA)					0
Course failure in Math					0
Level 1 on statewide ELA assessment					0
Level 1 on statewide Algebra assessment					0

Current Year (2026-27)

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

INDICATOR	GRADE LEVEL				TOTAL
	9	10	11	12	
Students with two or more indicators					0

Prior Year (2025-26) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

INDICATOR	GRADE LEVEL				TOTAL
	9	10	11	12	
Absent 10% or more school days					0
One or more suspensions					0
Course failure in English Language Arts (ELA)					0
Course failure in Math					0
Level 1 on statewide ELA assessment					0
Level 1 on statewide Algebra assessment					0

Prior Year (2025-26) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

INDICATOR	GRADE LEVEL				TOTAL
	9	10	11	12	
Students with two or more indicators					0

Prior Year (2025-26) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

INDICATOR	GRADE LEVEL				TOTAL
	9	10	11	12	
Retained students: current year					0
Students retained two or more times					0

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2025-26 had not been fully loaded to CIMIS at time of printing.

ACCOUNTABILITY COMPONENT	2026			2025			2024		
	SCHOOL	DISTRICT [†]	STATE [†]	SCHOOL	DISTRICT [†]	STATE [†]	SCHOOL	DISTRICT [†]	STATE [†]
ELA Achievement*	50	64	62	47	62	59	40	55	55
Grade 3 ELA Achievement									
ELA Learning Gains	55	59	59	52	58	58	57	57	57
ELA Lowest 25th Percentile	54	55	55	52	54	56	59	55	55
Math Achievement*	51	54	52	48	46	49	35	42	45
Math Learning Gains	52	49	45	55	45	47	49	46	47
Math Lowest 25th Percentile	55	44	44	64	43	49	51	41	49
Science Achievement	70	77	74	67	73	72	55	64	68
Social Studies Achievement*	76	77	76	66	74	75	61	70	71
Graduation Rate	99	95	94	98	94	92	94	92	90
Middle School Acceleration									
College and Career Acceleration	88	73	74	91	69	69	88	69	67
Progress of ELLs in Achieving English Language Proficiency (ELP)					50	52		45	49

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

[†] District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

2025-26 ESSA FPPI						
ESSA Category (CSI, TSI or ATSI)						N/A
OVERALL FPPI – All Students						65%
OVERALL FPPI Below 41% - All Students						No
Total Number of Subgroups Missing the Target						0
Total Points Earned for the FPPI						651
Total Components for the FPPI						10
Percent Tested						95%
Graduation Rate						99%
ESSA OVERALL FPPI HISTORY						
2025-26	2024-25	2023-24	2022-23	2021-22	2020-21**	2019-20*
65%	61%	57%	53%	53%	48%	

C. ESSA Subgroup Data Review (pre-populated)

2025-26 ESSA SUBGROUP DATA SUMMARY				
ESSA SUBGROUP	FEDERAL PERCENT OF POINTS INDEX	SUBGROUP BELOW 41%	NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41%	NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32%
Students With Disabilities	52%	No		
English Language Learners	58%	No		
Asian Students	69%	No		
Black/African American Students	62%	No		
Hispanic Students	63%	No		
Multiracial Students	65%	No		
White Students	70%	No		
Economically Disadvantaged Students	63%	No		

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

2025-26 ACCOUNTABILITY COMPONENTS BY SUBGROUPS

History	12	* data suppressed due to fewer than 10 students or all tested students scoring the same.				

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our most improved content area in proficiency was US History. Biology held a consistent percentage of proficiency. We will implement immediate remediation and support for students based on common assessments before cycle tests, utilizing teacher rotations to reteach specific students in areas of deficiency.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our Algebra 1 scores were our lowest-performing component. Contributing factors to last year's scores were inconsistent communication amongst the Algebra 1 teachers, inconsistent PLCs, and inconsistent teacher collaboration due to scheduling.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our greatest decline is in the L25 students in Algebra 1 due to the 64% proficiency in the prior year being unable to maintain. Poor attendance, insignificant student engagement, and scheduling were factors contributing to this decline.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our greatest gap is in our L25 learners, showing proficiency in ELA compared to the state average. New teachers and the implementation of new resources were contributing factors to this trend.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

1. Attendance
2. Authentic student engagement with curriculum and content

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Improving student attendance and engagement
2. Lesson plans that are engaging to diverse learners with different learning modalities
3. Incorporating literacy across all content areas every day, where students are reading, writing, and discussing answers to questions or a prompt
4. Student collaboration and discussion of content with teacher facilitation and monitoring

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

According to current data, 50% of Clearwater High School students are still lacking the skills and essential content needed to meet the proficiency for FAST PM3. The ELA goal will focus on increasing overall achievement in reading, writing, and critical thinking practice for Clearwater High School students.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Clearwater High School's ELA FAST PM3 data indicates that 47.0% of the 9th grade students, and 54.0% of the 10th grade students with a total of 50.0% of students assessed achieved proficiency on FAST PM3. Clearwater High School will adjust the FAST PM3 test results to reflect that 60% of the students assessed are expected to achieve proficiency on the 2026-2027 FAST PM3.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This area of focus will be monitored through collaborative PLC engagement that continues to drive ELA instructional initiatives, observational walkthrough feedback data, FAST PM1 and FAST PM2 data, and the continued implementation of differentiated instruction and collaboration for all students.

Person responsible for monitoring outcome

chenierje@pcsb.org

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the

evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The ELA/Reading staff will engage in common PLC protocol, common planning periods, scheduled co-teaching, site-based and district professional development, daily summarizing, ELA look-fors, Socratic Questioning, and an emphasis on the ELA FAST PM3 Learning Gain Literacy Plan to strengthen Literacy Skills in order to increase engagement and inquiry-based rigor to identify and teach critical content BEST Standards in alignment with district resources.

Rationale:

Common PLC protocol, common planning periods, scheduled co-teaching, site-based and district professional development, daily summarizing, ELA look-fors, and the ELA FAST PM3 Learning Gain Literacy Plan will provide support for collaboration, scaffolding and differentiated instruction to accelerate rigorous student-centered learning.

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

*ELA and All content areas will utilize the Clearwater High School ELA FAST PM3 Learning Gain Literacy Plan

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

Daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students will receive daily literacy instruction structured around the following focused areas:

Tier 1: Higher-order text analysis, writing sophistication, vocabulary precision, independent reading, reading Stamina

Tier 2: Intensive standards-focused remediation, small-group targeted instruction, FAST-style questioning and practice, frequent progress monitoring, teacher conferencing

Tier 3: Foundational reading support, vocabulary fluency interventions, reading comprehension repair, high-frequency support and mentoring, double-dose literacy opportunities

Action Step #2

*ELA Bi-weekly PLC meetings

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

Bi-Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

ELA/Reading teachers will utilize PLC protocol engagement that continues to drive ELA FAST PM instructional responsibilities.

Action Step #3

*ELA teachers will have students utilize FAST Style Notetaking and the Analysis of How Sentence Frame.

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

Daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students will utilize FAST style notetaking strategies and the Analysis of How Sentence Frame to discuss, collaborate, and synthesize content.
Teachers will monitor daily.

Action Step #4

*Teachers will utilize ELA Common Assessments

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

By Lesson

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will administer common assessments one day before the corresponding lesson.

Action Step #5

*Teachers will engage students in rigorous instruction by utilizing Morphology Bell Work, Socratic Questioning, Daily Summarizing, and the ELA Look-fors.

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

Daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

9th and 10th grade ELA/Reading teachers will instruct students to cognitively engage to the full rigor of the standards by utilizing resources provided in the HS ELA/Reading student resource guide/ workbook and consistently incorporating classroom graphic organizers, morphology bell work, critical reading protocols, and Socratic questioning to support independent reading and ensure students are continually in productive daily struggle with complex texts and complex questions like the questions they will encounter on the FAST PM3. Students will summarize their thinking after each lesson by writing a synopsis of what they learned.

Action Step #6

*ELA Teachers and students will utilize a Tornado Tidy Agenda Book to assist with organizational skills, time management, assessment scores data tracking, and Benchmark Tracking

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

Daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

ELA/Reading teachers will check for understanding with formative assessment and feedback by utilizing the Tornado Tidy Agenda Book to continually note, track and monitor each student's progress and mastery of each BEST benchmark which incorporates collaboration between teacher and student that supports student ownership of progress.

Teachers will conduct individual data chats with students to analyze data and formulate specific strategies that drive student improvement. ELA/Reading and MTSS facilitator will also monitor

Action Step #7

*Teachers will provide differentiated support to EL and ESE learners. This will include specific

scaffolded support in class, in coordination with the bilingual assistants and ESE facilitators, and district initiatives and supports.

Person Monitoring:

Jennifer Lu Chenier (chenierje@pcsb.org)

By When/Frequency:

Daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will plan and collaborate with the ESOL teacher and Bilingual assistants and ESE facilitators to provide support for EL and ESE students in and outside of the classroom.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The mathematics component for school improvement indicates that Clearwater High School has demonstrated adequate yearly progress with all students. The Algebra 1 and Geometry goal will focus on further increasing overall achievement.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Increase overall Algebra 1 proficiency from 44% to 50% by May 2027, as measured by the EOC Algebra 1 assessment.

Increase Geometry proficiency from 57% to 62% by May 2027, as measured by the EOC Geometry assessment.

The overall math goal is to increase from 53% to 58% proficient.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This area of focus will be monitored through PLC protocol engagement that continues to drive instructional shift initiatives, observational walkthrough data, and school/district common formative and cycle assessments

Person responsible for monitoring outcome

Janeen Watkins

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The Algebra 1 team will engage in common planning and bi-weekly collaborative PLC protocols as well as site-based and district-provided professional development (Just In Time). They will use formative assessments weekly/quarterly to monitor struggling standards and provide appropriate remediation, as needed. Additionally, they plan to utilize district-approved books and digital resources and minimize direct instruction to allow for increased collaboration and mathematical discourse in strategically and intentionally set groups.

Rationale:

Common collaborative PLC protocol, site-based district-wide PD, and common formative assessments will provide support for collaboration, scaffolding, and differentiated instruction to accelerate student-centered learning. District-approved books and digital resources, and specifically designed remediation opportunities, will also support closing gaps in proficiency and support increased achievement.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Strengthen staff practices

Person Monitoring:

Janeen Watkins

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

- Math teachers engage in district-provided professional learning, facilitated planning, and/or "Just In Time" PLCs on increasing rigor and classroom culture that support productive struggle and on the use of structures for inquiry-based learning and utilizing higher-level questions to promote academic discourse, using district-provided resources.
- Math teachers, while planning lessons, need to create thought-provoking questions that should be asked during instruction to engage student thinking that will allow students to encounter equivalence of understanding/mastery of course content by using district-aligned resources.

Action Step #2

Identify critical content

Person Monitoring:

Janeen Watkins

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

- Math teachers engage in district-provided professional learning around instructional shifts, clarification on course standards/benchmarks & state assessments, and best practices.
- Math teachers and students use a benchmark data tracking document based on progress monitoring assessments, which include module common assessments, cycle assessments, and teacher-created/district-created formative assessments.
- Math teachers and administration work in PLCs to collaborate and intentionally plan utilizing district and state resources.

Action Step #3

Utilize Data

Person Monitoring:

Janeen Watkins

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

- Math teachers will collaborate in PLCs to review module, cycle, and formative assessment data to determine areas of low proficiency and identify trends to develop remediation needs for students and next steps to spiral reteaching plans.
- Math teachers support differentiation and scaffolding of content through anchor charts and benchmark spiraling plans to support student content mastery.
- Math teachers conduct data chats with students using the benchmark data tracking documents to offer support for student achievement and individual goal setting.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Social Studies**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

According to current end-of-course (EOC) assessment data, 21% of students are lacking the skills and essential content needed to meet the proficiency requirements for the EOC exam. Throughout the course, Social Studies teachers will employ a spiral approach to instruction, allowing students to make connections, practice, and review prior content

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Clearwater High School's Social Studies EOC data indicates that 79% of test takers achieved proficiency on the 2025-2026 Social Studies EOC. Clearwater High School will adjust the Social Studies EOC test results to reflect that 85% of the students are expected to achieve proficiency on

the 2026-2027 Social Studies EOC.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This area of focus will be monitored through collaborative PLC engagement, observational walkthrough feedback data, cycle assessment/formative assessment data, and differentiation for all students and instruction.

Person responsible for monitoring outcome

Mason Woodside

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Appropriately enhance teacher ability to identify critical content from common standards in alignment with district provided resources. Staff will be supported to utilize data to appropriately organize students to differentiate and scaffold instruction to meet the needs of each student to increase student achievement.

Rationale:

Increase teacher ability to effectively use data to align common standards at the appropriate level of rigor with the use of district resources to increase individual student achievement.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will consistently implement instructional practices that promote cognitive engagement, writing to learn, formative assessment, close reading, and academic discourse (5 essentials of Effective Instruction).

Person Monitoring:

Mason Woodside

By When/Frequency:

Bi-Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

- Teachers consistently provide students with exposure to a variety of primary and secondary source

documents at varying complexities.

- Teachers plan time for students to engage in the document analysis process utilizing the Document Analysis Protocol with appropriate scaffolding as needed including U.S. History Benchmark lessons, Doc-a-Day practice questions and Attacking the Question.
- Teachers ask higher order thinking questions with a structure that provides all students with the opportunity to formulate a response.
- Utilize the Historical Talking Protocol and Historical Thinking protocol to strengthen the students' ability to reason, write, and communicate using evidence.

Action Step #2

Teacher will intentionally spiral previously learned content through structured routines and instructional practices to ensure sustained access, retrieval and application of critical content over time.

Person Monitoring:

Mason Woodside

By When/Frequency:

Bi-Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers intentionally spiral learning through daily bellringers (Doc-a-Day), targeted assessment questions, and application based activities to ensure ongoing practice and review. Teachers will implement data driven spiraled instruction and targeted small group tutorials prior to each district progress monitoring assessment and the state U.S. History End of Course assessment.

Action Step #3

Cross Articulation Collaboration

Person Monitoring:

Mason Woodside

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers and administration will participate in bi-weekly PLC as a Social Studies department to discuss barriers and best practices to overcome the barriers. Teachers and administration will disseminate mini-assessment data, cycle data, student work and collaborate on next steps. Within the PLC's, the Social Studies department will collaborate with the ESOL department to incorporate support for our EL students both in and outside of the classroom.

Action Step #4

Teachers will continuously utilize student benchmark data to monitor student progress, provide feedback, and develop review and remediation plans to increase proficiency.

Person Monitoring:

Mason Woodside

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement frequent, standards-based knowledge checks and provide timely feedback to monitor student progress towards proficiency. Fast track Fridays will be implemented following the first progress monitoring assessment. Teachers will use benchmark-level data to plan for reteaching of lower scoring and/or high impact benchmarks. Teachers and administrators will identify students for Tier 2 and Tier 3 interventions and pair students with U.S. History teachers on Fridays to target specific interventions based on performance data.

Action Step #5

All content areas will utilize the Clearwater High School Learning Gain Literacy Plan

Person Monitoring:

Mason Woodside

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students will receive daily literacy instruction structured around the following focused areas:

Tier 1: Higher-order text analysis, writing sophistication, vocabulary precision, independent reading, reading stamina

Tier 2: Intensive standards-focused remediation, small-group targeted instruction, EOC-style questioning and practice, frequent progress monitoring, teacher conferencing

Tier 3: Foundational reading support, vocabulary fluency interventions, reading comprehension repair, high-frequency support and mentoring, double-dose literacy opportunities

Area of Focus #4

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Science**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Biology was identified as a crucial need from the prior year data reviewed. According to current data, 30% of students are still lacking the skills and essential content needed to meet the proficiency requirements for the end-of-course exam. Throughout the course, science teachers will employ a spiral approach to instruction, allowing students to make connections, practice, and review prior content

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Clearwater High School's Biology EOC data indicates that 70% of test takers achieved proficiency on the 2025-2026 Biology EOC. Clearwater High School will adjust the Biology EOC test results to reflect that 80% of the students are expected to achieve proficiency on the 2026-2027 Biology EOC.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

- 1. This area of focus will be monitored through collaborative PLC engagement, observational walkthrough feedback data, cycle assessment/formative assessment data, and the implementation of differentiated instruction for all students**
- 2. Teachers will utilize standards based weekly assessments to target contemporaneous**

interventions as discussed and developed in weekly PLCs

3. Spiral teaching plans will be utilized sooner to reinforce targeted benchmark deficiency to specific students in need

Person responsible for monitoring outcome

Don Ware

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

: Biology teachers will have daily planning periods to plan for increased engagement, appropriate levels of inquiry-based rigor, collaboration, intentional grouping, and embedded reflection opportunities in all lessons and units, as well as utilize PLC protocols that continue to drive EOC instructional shift initiatives. Biology teachers will utilize a weekly PLC protocol that continues to create, compare data from common assessments, and review Albert IO data.

Rationale:

Common PLC protocol, site-based district-wide PD, and common formative assessments will provide support for collaboration, and scaffolding/differentiated instruction to accelerate student-centered learning. Programs like Albert IO and specifically designed spiraled back planning will also support closing gaps in proficiency and support increased achievement.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Non-Negotiables

Person Monitoring:

Don Ware

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will utilize Leading with the Lab, Scientific Thinking Protocols, Checks for Understanding, Spiraling & Benchmark Tracking, Reading Articles and Textbook, Biology Brain Builders, and Higher Order Thinking Questions with Engagement Strategies to complement the curriculum. The utilization of these components with fidelity will provide students with extra strategies while taking the EOC.

Action Step #2

AVID Notetaking

Person Monitoring:

Don Ware

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students will use focused note-taking strategies to discuss/collaborate and synthesize content. These strategies will be a support as the students take quarterly district exams that will be scaled to each student's projected BIO EOC outcomes.

Action Step #3

Students explaining their thinking in writing

Person Monitoring:

Don Ware

By When/Frequency:

Biweekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

After each lesson daily, students will summarize their thinking by writing a synthesis of what they learned. This strategy will allow the students to examine their thinking as well as collaborate with other students in the class. It also allows for an immediate observational assessment for teachers and provides a reteach opportunity if needed. Biology and all content areas will utilize the Clearwater High School Literacy Plan. Students will receive daily literacy instruction structured around the following focused areas:

Tier 1: Higher-order text analysis, writing sophistication, vocabulary precision, independent reading, reading stamina

Tier 2: Intensive standards-focused remediation, small-group targeted instruction, test questioning and practice, frequent progress monitoring, teacher conferencing

Tier 3: Foundational reading support, vocabulary fluency interventions, reading comprehension repair, high-frequency support and mentoring, double-dose literacy opportunities

Action Step #4

ELL Differentiation

Person Monitoring:

Don Ware

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will provide differentiated support for EL learners. This will include specific scaffolded support in class, in coordination with the bilingual assistant. Teachers and Administration will participate in the bi-weekly PLC meeting as a Biology Department to discuss barriers and best practices to overcome them. The PLCs will include collaboration with the ESOL department to encompass support for the EL students both in and out of the classroom.

Action Step #5

Professional Development

Person Monitoring:

Don Ware

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will participate in quarterly walk-throughs to observe other teachers' best strategies to reflect on their classrooms. Using the professional development provided, teachers will see positive results in the 2025-26 BIO EOC data.

Area of Focus #5

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Black/African American Students (BLK)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Academic discussions will be embedded in all core content areas to strengthen critical thinking, student engagement, and academic outcomes for the Black student subgroup. Additionally, data-driven structures will guide targeted instruction for Level 2 learners, utilizing Achievement Level Descriptors to identify specific skill gaps and monitor student progress.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

We will have more Black students proficient in the 2026-2027 school year than we did in the 2025-2026 school year.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Each core content area will be analyzed on a bi-weekly basis during MTSS meetings to monitor student mastery of state standards and identify areas requiring additional instructional support.

Person responsible for monitoring outcome

All APs (Chenier, Ware, Watkins, Woodside) and Principal Florio.

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Person Monitoring:

By When/Frequency:

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

CHS will focus on increasing student attendance through Multi-Tiered Support Systems (MTSS) that will include the involvement of all stakeholders through regular review of attendance data and weekly monitoring and interventions to support all students to an average of 95% attendance. Attendance is a the critical and fundamental to a student's academic growth, development, and success. By increasing attendance, we will enhance students' probability of academic success and graduation.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

CHS will communicate the expectations and importance of attendance to all stakeholders through in-person meetings, school assemblies, teacher led directions in classrooms. The CHS MTSS team will meet weekly and target students with 20% or more absences per week, and make parent and student contact to re-engage students and improve attendance. Home visits and support through social services will be offered and recommended through our Child Study team to provide resources to re-engage students and parents. CHS will utilize positive support systems (PBIS) to incentivize attendance and academic achievement. PBIS award tickets will be distributed by teachers, administrators, and support staff weekly to all students to be used for incentive purchases. Utilizing this comprehensive approach, CHS seeks to reduce absences for all students by 10%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of

how ongoing monitoring will impact student achievement outcomes.

CHS will monitor by utilizing Data Analytics and Focus data through individual teacher-led PLCs, weekly MTSS meetings, and monthly SBLT meetings.

Person responsible for monitoring outcome

Don Ware

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

CHS teachers and staff will receive in-school professional development on Tier one interventions and implement school-wide to better support student behaviors and outcomes. Providing support to students through clearly defined, communicated, and implemented behavior expectations regarding attending classes. Data will be collected and reviewed in the child study team meetings. Implementation of Tier 2 and 3 will be used with students who are identified as needing additional supports.

Rationale:

With the area of skipping classes as a concern, implementing Tier 2 and Tier 3 interventions individually addresses the student's needs and barriers. This process monitors students closely and allows for revisions if necessary.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Attendance

Person Monitoring:

Don Ware

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Review attendance-taking process and school-wide strategies for positive attendance with all staff.

Action Step #2

Communication

Person Monitoring:

Don Ware

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

We will continue to increase communication with parents in native languages to improve the accessibility of all families, both to inform them of expectations and to ask for support in not meeting those expectations.

Action Step #3

Reinforcement

Person Monitoring:

Don Ware

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

PBIS student committee and TV Production classes will emphasize student attendance, remaining on campus, and being in class while reinforcing academic behaviors.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

Clearwater High School's School Improvement Plan (SIP), is disseminated in multiple modalities, accomplished through,

- SAC Meetings
 - PTSA Meetings
 - Weekly family information call-outs
 - Social Media Posts
 - State of the Schools meetings
- Clearwater High School's webpage where the SIP is made public is <https://www.pcsb.org/Page/19658>

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

Clearwater High School builds the capacity of families through ongoing communication by providing the parents/guardians assistance in working with their child/ren academically. At CHS, we have an open-door policy, allowing parents to observe in the classroom at any time. Teachers are also available for conferences and consistently provide updated data. CHS also provides families with a curriculum night to witness what is transpiring in the classrooms and answer questions as needed. Clearwater High has a diverse population, so all communication and support is offered in multiple

languages.

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

Clearwater High School has a bell-to-bell policy for each class period, each day. All class periods begin with an igniter to get the students prepared for the daily lesson. Teachers plan collaboratively to ensure exact content throughout the classrooms. Clearwater High School's teachers are prepared with rigorous lessons to challenge each student to their potential. Clearwater High School offers an accelerated curriculum and has the highest percentage of students in the district earning acceleration credits.

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

Clearwater High School has partnered with adult education and career programs this year. Wraparound services are a cornerstone for leveraging academic support at home, as they extend educational resources beyond the classroom. These partnerships create a support network encompassing various facets of a student's life, fostering an environment where learning can flourish both inside and outside of school walls. One of the key advantages of community partnerships in providing wraparound services is access to a diverse range of resources and expertise.

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

Clearwater High School ensures counseling, school-based mental health services, specialized support services, and mentoring services are provided to our most vulnerable students. These supports are provided on a calendared and reoccurring basis to guarantee the highest level of support.

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

Clearwater High School prepares students for postsecondary opportunities. Through one of the magnet programs on campus, CHS provides business awareness and opportunities to learn the ins and outs of the business world. CHS also offers technical, hands-on classes to develop skills and provide real-world opportunities. The college and career center on campus assists with postsecondary college, military, and technical ventures.

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

Clearwater High School has a strong PBIS system in place that focuses on building positive behavior capacity in all students. There is a strong emphasis on being caught doing what is right and not focusing on the negative. If problem behavior should arise, CHS has a tiered system of support that focuses on relationship building.

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other

school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

Clearwater High School has a strong PBIS system in place that focuses on building positive behavior capacity in all students. There is a strong emphasis on being caught doing what is right and not focusing on the negative. If problem behavior should arise, CHS has a tiered system of support that focuses on relationship building.

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI, TSI, or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2026-27 UniSIG funds but has chosen NOT to apply.

No

BUDGET	ACTIVITY	FUNCTION/ OBJECT	FUNDING SOURCE	FTE	AMOUNT
