iii. “Furnish all labor, materials, equipment, and incidentals required to replace up to 225 service line replacements, and construct the Lead Service Line Replacement Program in its entirety as specified herein and as shown in the details in Appendix B.”

QUESTIONS AND ANSWERS

Q1. Are GPS coordinates required for completed service line replacement work?

A1. *GPS coordinates are required for completed service line replacement work per Section 01322 Paragraph 1.06 A.7.f.*

Q2. How many attempts must the Contractor make to obtain a Right of Entry (ROE)?

A2. *Per Section 01170 Paragraph 1.18 B.2, the Contractor shall make four (4) documented attempts to obtain a signed ROE from homeowners. A minimum of three (3) attempts must be door-to-door and a maximum of one (1) attempt can be using a phone call or email.*

Q3. How many properties are classified as unknown, require a galvanized replacement, or require a Right of Entry?

A3. *Refer to the following tables for the current quantities:*

Town of Putnam Lead Service Line Replacement Program - **Site Summary**

Private Side Classification	Total Count	Work Type
Lead Status Unknown	45	Service Line Test Pit and Replacement if GRR
Galvanized Requiring Replacement	161	Replacement
Daisy Chain Locations		
Lead Status Unknown - Daisy Chain Service Line	1	Service Line Test Pit and Private Replacement
Lead Status Unknown - Daisy Chain Service Line	1	Service Line Test Pit and Public and Private Replacement
Galvanized Requiring Replacement - Daisy Chain Service Line	4	Private Service Line Replacement
Galvanized Requiring Replacement - Daisy Chain Service Line	13	New Public and Private Installation
Total	47	Service Line Test Pit
Total	225	Replacement

Town of Putnam Lead Service Line Replacement Program - **Right of Entry Summary**

ROE Status	Total Count
Opted In	95
Opted OUT	3
No Response	127
Total	225

Q4. Who will provide and install the hydrants?

A4. *The Town will provide the hydrants. The Contractor shall furnish all necessary labor, equipment, valves, fittings, and appurtenances required for installation and shall install the hydrants in accordance with the Contract Documents.*

Q5. Will replacement water meters be provided by the Town?

A5. *Yes. If an existing water meter requires replacement, the replacement meter will be provided by the Town. The Contractor shall install the Town-provided meter.*
