Mike Bonville with Alliant did a presentation on the proposal for stop loss with Sun Life. We are currently with Paredo. Sun life is the most competitive company that submitted proposals. Paredo knew about today's meeting and did not submit a proposal. Craig Nichols motioned to join Sun life at \$200,000 stop loss with refund. Tom Cabbage seconded the motion. Heather Spurzem called for a vote. Joining Sun Life with the refund was accepted unanimously.

Discussed was that Allegiance is asking for GFPS to give them access to our bank accounts so they can remove money for refunds. Allegiance is also asking iBTR to reprogram the EDI file. This is a complete overhaul and would cost the district \$3,000. The district has decided to cancel their partnership with Allegiance.

ASI is the new FSA/COBRA company the district will be working with starting October 1, 2026.

The meeting was adjourned.
