Party Administrative Services

Board President Gomez presented Item 15.5. Trustee John Alvarez requested a motion for discussion of Item 15.5. The motion was seconded by Trustee Alice Lopez and carried.

Superintendent Mendez invited FUSD CBO, Edgar Monroy to the podium so that he may answer questions. Superintendent Mendez informed the item presented was an agreement provided by the Tulare County Office Education. Mr. Monroy also reiterated that the agreement was not only for Farmersville Unified but a county-wide effort partnering in the agreement for administrative services of

403(b) and 457(b) plans. He informed it was a county wide plan with participation by other districts. He addressed the question from Ms. Allstedt on page 389. He informed the vendors listed provided that were blank were inactive providers whose status could change when working with the new service agency. Ms. Allstedt asked a question regarding the items not listed as vendors and her ability to continue working with vendors she's already worked with. Mr. Monroy informed employees could reach out to him so that he could contact the county office to advocate for those requests. Board President Gomez confirmed employees would need to contact Mr. Monroy with questions or requests regarding the services via email. He confirmed and stated that was correct. The request would be documented, and he could then contact the agency. Trustee Alice Lopez asked if there was a prior provider. Mr. Monroy stated that for more than 20 years district and others in the county were contracted with TCG. Mrs. Lopez asked how long this new company has been active. Mr. Monroy stated he did not know how many years they'd been established but assured the district was not migrating into a new company. Trustee Lopez stated she wanted to make sure it was a company with a good record. Mr. Monroy stated conversations have been ongoing with the provider and had agreed it was a provider that would offer the same services. Trustee Lopez asked about the fees. Mr. Monroy stated the fee structure listed would not be passed on to the employee or the district. Trustee Merced asked what the advantage was. Mr. Monroy stated it was to allow for additional plans to offer to employees. Trustee John Alvarez asked if it was a mandatory item. Superintendent Mendez informed TCOE had the personnel to help with support services. The district does not have the staff to address the questions and support needed for these services. Mrs. Allstedt stated she was concerned that vendors already in place were no longer available for investment purposes and was also concerned that it was being done so fast. Trustee Alvarez stated there was grey area and would like to get more information.

Mr. Merced asked if they don't move forward, would there be an issue with no services and there being an issue with the plan not being managed properly. Ms. Allstedt stated she'd appreciate the item being tabled for further review.

Trustee Espinoza stated he was surprised to see the board had control of this issue. He stated he wanted the best for the teachers, and he did not want to negatively affect teachers in any way and would also like time to further review the matter.
