Course Description

This one-year course provides students with the necessary knowledge and skills for further studies in mathematics. It is intended to increase mathematical fluency in problem solving, reasoning, modeling, and effective communication in the study of number, algebra, functions, and statistics. Instructional practices incorporate integration of diversity awareness including appreciation of all cultures and their important contributions to society. The use of manipulatives, mathematical tools, technology, and the Standards of Mathematical Practice to connect mathematical processes to mathematical content are an integral part of this course. This course fulfills one of the mathematics credits required for high school graduation.

Semester Grade

- Each semester grade will be calculated based on two quarters worth 45% each.
- Each course will have a semester exam worth 10% that will be calculated into the overall semester grade.

Quarter Grades

- Quarter grades will consist of two categories (Formative and Summative).
- Quarter grades will post as a minimum of 50%.
- Formative (practice) will be worth 20% of the quarter grade.
- Summative (assessment) will be worth 80% of the quarter grade.
- Each category will have a minimum of 4 individual graded items with no one item being worth more than 25% of that category grade.

Grading

- All graded assignments will be aligned to a content standard.
- Grading/feedback is generated in a timely manner- one week at most.
- Students will have five days from the posted due date to retake/redo summative assessments to improve their score and display mastery of the information.
- Students will be allowed one retake opportunity for summative assessment mastery. Mastery will be considered a 70% (see exceptions below).
 - If a student cannot retake a summative assessment before or after school, the student will speak to the teacher so that the teacher can schedule an alternative time during the instructional day.
 - Students taking a summative reassessment will need to complete a reflection as part of the reassessment process.
 - Teachers are not required to allow retakes for formative assignments.
- Semester/Final Exams will not have reassessment opportunities.
- Gradebooks will close one week before the end of the term for all assignments (including summative assessments), except in cases where a student was absent on the due date and did not have sufficient time to submit their work before the gradebook closed.

Late work/Missing work

- Students have a maximum of five days from the posted due date to turn in late/missing work for full credit. Any and all work missed due to absence must have a make-up option worth equal points.
- Missing work will be marked "M" and be worth zero points.
- Work turned in late within the allotted five days will receive the full earned grade but be noted with an "L" showing it was late.
- Teachers will send out weekly communication though Infinite Campus to notify parents and students of missing work.

Homework:

- Homework assignments will align with curriculum objectives and reinforce skills and concepts taught. Homework is not to be confused with or considered an extension of classroom guided practice. It is to be a separate reinforcing activity which students can complete outside of class time and on their own. Homework carries no weight in the gradebook on its own. Homework expectations are in accordance with Policy 6143 and Regulation 6143.

Letter grades have the following numerical value:

A = 90-100, B = 80-89, C = 70-79, D = 60-69, F= 50-59

IEP/504: All IEP/504 plans supersede the schools grading policy.

Citizenship Grade:

- Students will earn a citizenship grade each quarter based on the following criteria. Behavior and nonacademic measures are reported here and not in the academic portion of the gradebook. A student's citizenship mark should be determined by where he/she falls in the majority of the above listed areas. Use the above rubric by recording a score for each line. The total score will dictate if the student is Outstanding (O) 15-18; Satisfactory (S) 12-18; Needs Improvement (N) 9-11; or Unsatisfactory (U) 0-8 (see rubric below).

Utilizing Technology to Learn

At Leavitt, we encourage appropriate daily use of technology in and out of the classroom to further enhance the educational experience. As such, Leavitt will be providing students with Chromebooks in all grades to utilize in class and at home. Students will need to bring their fully charged Chromebook to school each day. Students may choose to utilize their own electronic device (Chromebook or laptop) for educational purposes. Please be reminded that your student is responsible for the safety of their personal device and must utilize the district's Wi-Fi to ensure their internet safety. All use of these devices will be for educational purposes and must be approved by the individual teacher. All other personal devices, such as cell phones, headphones, game systems, etc., are prohibited during instructional hours and must be kept off and put away. Prohibited personal electronics will be confiscated if observed in use during instructional time (other than lunch, before school, and after school).
