

Art Club – Mosaic Making

Are you creative? Do you enjoy making things with your hands? Art Club is a dedicated gathering place for likeminded individuals that **enjoy drawing, painting, and being creative.** What is a mosaic? A mosaic is an artwork made of small colored tiles or glass. Together, we design and construct a mosaic. We work both collaboratively and individually. Each member has the option to make their own mosaic to keep or to work on a larger group mosaic. Club takes place in a fun social setting that promotes collaboration and small group work. All materials will be provided. Students of all experience levels are welcome to join. This is a great opportunity for you to participate in a project from start to finish. All activities are supervised. Space in the club may be limited. We routinely celebrate the completion of a mosaic with a Club Donut Party.

Applications will be available during **Quarter 3** and club will run during **Quarter 4.** Submit the completed forms to Mr. Foley.
