TECHNOLOGY MOVES FAST. SO DO WE.

Dear MUSD Families,

Technology moves fast. Strategic planning keeps us ahead of it.

MUSD follows a multi-year technology renewal plan to replace equipment as it reaches the end of its useful life. This allows us to spread costs over time and keep outdated technology from becoming a barrier in our classrooms.

This year, that plan includes:

- 1,200 new student devices
- A districtwide network upgrade
- New laser projectors and document cameras in classrooms

Technology waits for no one. We plan accordingly.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
