GRADE LEVEL: 2nd Grade COURSE NAME: Science
MEASUREMENT TOPIC: Determine Physical Properties of Matter

4	In addition to Score 3.0, make in-depth inferences and applications. ☐ Justify why one structure is more successful than another.
3	☐ **Determine suitable uses of materials based on their observable properties, including strength, flexibility, hardness, absorbency, and texture.** ☐ **Explain how structures can be disassembled and then reassembled as a new and different structure.**
2	☐ Sort materials based on properties, including strength, flexibility, hardness, absorbency, and texture. ☐ **Demonstrate how structures can be disassembled and then reassembled as new and different structures.**
1	☐ With help, a partial understanding of some of the simpler details and processes, and some of the more complex ideas and processes.

Key Vocabulary: Structure, assemble, disassemble, flexibility, hardness, absorbency, strength
