Academy for Creative Industries

The Academy for Creative Industries (ACI) allows students to explore the creative arts industry as they learn and prepare for their college and/or career options. ACI offers real-world experience that brings learning to life by motivating and engaging students with knowledge in their area of interest. ACI combines a rigorous college preparatory curriculum with strong arts-based technical programs that are student-centered. Students must apply and interview for an ACI placement.

Advanced Placement (AP) Capstone Diploma Program

This College Board diploma program is based on two yearlong AP courses: AP Seminar (11th) and AP Research (12th).

Graduation Requirements

English: 40 credits (4 years)

Mathematics: 30 credits (3 years)

Science: 30 credits (3 years)

History/Social Science: 30 credits (3 years)

Physical Education: 20 credits (2 years)

World Language: 10 credits (1 year)

Visual & Performing Arts: 10 credits (1 year)

Career Technical Education (CTE): 5 credits

Electives: 45 credits

The PUENTE High School Program is designed to help students graduate high school prepared, be college eligible, and enroll in college. Students are supported by the PUENTE team. Puente provides four areas of service to students: teaching, writing, counseling, and community leadership. Puente students study the college preparatory curriculum and read and write about the Mexican American/Latino experience. Students study with the same English teacher for 9th and 10th grades. There is an application process, student and parent orientation, and an interview. Meaning - Puente is Spanish for "bridge". Our motto is "building bridges to higher education".
