School-Family Compact for Achievement

What Is a School-Family Compact?

A School-Family Compact is an agreement developed by families, students, and teachers. It explains how families and school staff will work together to help students meet grade-level standards and achieve academic success.

- Connects to school improvement goals and the Georgia Standards of Excellence.
- Explains how teachers support learning through high-quality instruction.
- Shares strategies families can use at home.
- Describes communication about student achievement and opportunities for family engagement.

Jointly Developed

Families, students, teachers, and staff collaboratively develop the School-Family Compact. Teachers recommend learning strategies and supports, families provide input, and students share what helps them learn. Families may provide comments and feedback at any time.

Our Goals for Student Achievement

- Maintain a STEAM focus that supports a globally conscious STEMinist culture and climate.
- Maintain a 100% graduation rate.
- Achieve 70-75% proficiency across EOC and EOG content areas and maintain 95% or higher average daily attendance.
- Provide high-quality Tier I instruction in all classrooms.
- Work toward becoming a nationally recognized all-girls STEAM school through a rigorous, college-preparatory curriculum.

Supporting Student Achievement

- Provide targeted interventions and academic recovery supports.
- Build and maintain a student-focused culture.
- Strengthen teacher effectiveness through coaching, PLCs, and professional development.

In the Classroom

Teachers support social-emotional learning, trauma resilience, a culture of learning, essential content, academic ownership, demonstration of learning, beliefs, and values.

- Provide opportunities for families to discuss student needs and progress.
- Offer parent/student meetings focused on progress toward graduation.
- Connect students with counseling resources, course supports, electives, and credit recovery when needed.

At Home

- Participate in conferences with students and teachers.
- Participate in family engagement events such as Principal's Chat, Curriculum Night, and Parent University.
- Use the Parent Portal, school website, and social media to stay connected with the school community.

Student Expectations

- Attend classes on time and participate fully in instructional time.
- Come prepared and complete assignments by communicated due dates.
- Follow the CSKYWLA dress code.
- Attend tutorial sessions when additional support or remediation is needed.

- Maintain a spirit of excellence and follow the CSK student pledge and creed.

Communication About Student Learning

CSKYWLA is committed to frequent, two-way communication with families. Families can expect Parent Portal updates, schoolwide communications, parent-teacher conferences, and opportunities to connect with school leadership. Questions about student progress should be directed to the student's teacher through the Parent Portal or email.

Parent University and Family Engagement

Family engagement opportunities support students' transition through middle and high school, help families understand individual learning strengths and needs, and connect families with academic programs, enrichment opportunities, and targeted supports.
