GRADE LEVEL: 4th Grade COURSE NAME: Math
MEASUREMENT TOPIC: Solve Multi-Step Word Problems Involving the Four Operations

4	In addition to Score 3.0, make in-depth inferences and applications. ☐ Evaluate and justify an equation written to solve a multi-step word problem.
3	☐ **Determine and justify solutions for multi-step word problems, involving all four operations on whole numbers including problems where remainders must be interpreted.** ☐ **Write an equation to show solutions for multi-step word problems with a letter standing for the unknown quantity.** ☐ **Determine reasonableness of answers using mental computation and estimation strategies including rounding**
2	☐ Determine and justify solutions for two-step word problems, involving all four operations on whole numbers.
1	☐ With help, a partial understanding of some of the simpler details and processes, and some of the more complex ideas and processes.

Key Vocabulary:sum, difference, product, quotient, equation, remainders, reasonableness, unknown, operation, multi-step problem, quantity, rounding, mental strategy, estimation, **remainder**
