GRADE LEVEL: 4th Grade COURSE NAME: Math
MEASUREMENT TOPIC:Add and Subtract Multi-Digit Whole Numbers

4	In addition to Score 3.0, make in-depth inferences and applications. ☐ Identify and correct errors in a given strategy for adding or subtracting multi-digit whole numbers
3	☐ **Use place value strategies to fluently add multi-digit whole numbers and connect strategies to the standard algorithm.** ☐ **Use place value strategies to fluently subtract multi-digit whole numbers and connect strategies to the standard algorithm.**
2	☐ Use place value strategies and properties of operations to fluently add within 1,000 connect strategies to the standard algorithm. ☐ Use place value strategies and properties of operations to fluently subtract within 1,000 and connect strategies to the standard algorithm.
1	☐ With help, a partial understanding of some of the simpler details and processes, and some of the more complex ideas and processes.

Key Vocabulary:standard algorithm, add, subtract, sum, difference, place value, multi-digit, regroup, decompose, compose, strategy, fluently
