DISPLACED BY A FIRE?

Your child may qualify for immediate school protections and support.

YOUR CHILD'S SCHOOL RIGHTS

- Enroll immediately in the school where you are temporarily staying, even if you do not have usual documents such as proof of address, a birth certificate, or immunization records
- Continue at the school of origin - the school attended when last permanently housed or the school in which your child was last enrolled
- Request transportation resources to and from the school of origin
- Receive the same educational services and opportunities available to other students
- Receive free school meals provided by the school

CIT can also help remove school-related barriers

- School supplies, hygiene items, school clothing/uniforms, and other basic needs
- Enrollment documents, certain school fees, and referrals to additional resources

- A hotel or motel
- Temporarily staying with friends, relatives, or others because you lost your housing
