

EXPLORE VOLUNTEER OPPORTUNITIES

Volunteers play a vital role in shaping student success. Whether you're an individual, corporate team, or community group, your time makes a difference.

MENTOR A STUDENT

Guide and support students in grades 7-12 as a volunteer in our Take Stock in Children mentoring program. With only 30 minutes twice a month, you can help students overcome challenges on their path to success.

PARTICIPATE IN A GROUP WEBINAR

Lead a virtual career or skill development presentation for students. Share your professional journey, introduce new careers or industries, and offer guidance on topics like resume writing, job interview prep, or time management.

VOLUNTEER AT ENTERPRISE VILLAGE

Guide fifth-grade students as they take on real-world job roles. Help them run businesses, earn paychecks, manage finances, and work as a team in a simulated economy.

VOLUNTEER AT FINANCE PARK

Help eighth-grade students navigate through a hands-on simulation where they create budgets, manage expenses, and explore the impact of their financial choices.

REVIEW SCHOLARSHIP APPLICATIONS

Evaluate student applications from home at your own pace using a set rubric. Your insights help award scholarships for college, technical, culinary, and art schools. Review period is February–April.

BE A LUNCH PAL

Mentor an elementary student by providing encouragement and guidance during their lunch break. Just 30 minutes once a week can build confidence, create a lasting connection, and make a meaningful difference in a child's life.
