**COURSE DETAILS**

**BIOLOGY - NHS NORTH – Wednesdays**

In this introductory life science course, students cultivate an understanding of biology through inquiry-based investigations while exploring the following topics: evolution, cellular processes, DNA, genetics, ecology, energy pathways in plants and animals and interactions among organisms.

**CHEMISTRY - NHS NORTH – Thursday**

Students learn modern concepts in the lab developing skills such as mass measurements, analysis of data and samples, synthesis of compounds and model building. Students will study nomenclature, equation and formula writing, physical and chemical properties, the mole concept, and energy relationships.

**POTTERY & CERAMICS – NHS SOUTH – Monday. afternoon & Tuesday evening NHS NORTH – Tue., Wed., & Thurs. eves.**

Contact Adult Education if you wish to add your name to the wait list. Students will create many pieces, explore a variety of surface decoration techniques, learn how to throw on the potter's wheel and about firing in a kiln. Well thought out forms, designs and functional uses along with good craftsmanship are emphasized. All classes have wait lists.

**Woodworking - NHS North - Thursday**

In this 8 week class students will be shown the basics of working with wood. From design and making a materials list, to cutting and sanding, to assembly and finishing, students will be exposed to different kinds of wood as well as hand and power tools all while stressing safety.

**YOGA - NHS NORTH – Thursdays**

A flowing Vinyasa style of yoga focusing on breathing, stretching, and strengthening as we move the entire body. All levels are welcome. Please bring a yoga mat.
