

KENT SCHOOL

October 14, 2024

Dear Ms. Lucid,

I write to you to strongly advocate against Daniel Clery's entering the Accelerated Rehabilitation Program for his theft of personal data from members of the Kent School community.

Not only has Mr. Clery's criminal behavior had a profoundly negative impact on his many direct victims, but also on the Kent School community writ large. He has breached the trust of an entire community--a community that is grounded in trust. It would be difficult to overstate the damage he has done to the individuals he violated and the entire School community.

I urge the judge in this matter to give Mr. Clery the stiffest possible punishment for his crimes.

Sincerely,

Michael G. Hirschfeld
Head of School
