Counselor Connection

Students received an invitation to a canvas course where the MJHS Counselors, Mrs. Dowler and Ms. Guzman, will post important information throughout the school year. Students can use the link in the course to request a visit with their counselor.

Competency of the Month:

Career Exploration

This month, students will explore and develop self-appraisal skills by identifying who they are and how their interests, skills, and values can connect to future careers. Students will reflect on what they enjoy, what they do well, and what matters most to them. They will also learn about Missouri career pathways and opportunities in their local community, helping them begin to see how their strengths and interests can shape their future goals.

Parents can support this learning at home by talking with their student about their interests, strengths, and values. Encourage conversations about what activities they enjoy, what they do well, and what is important to them. Explore different careers together and discuss how your student's strengths and interests might connect to future opportunities in Missouri and the local community.
